INTRODUCTION

Five years ago McQueen was the new kid on the block. It seems the "new kid" always has to prove himself to be accepted. The school needed to earn its status in the Reno School System. McQueen has done more than just earned its place — it has more than excelled in all aspects of education and athletics. This school has earned the reputation of being "Alive and Well."

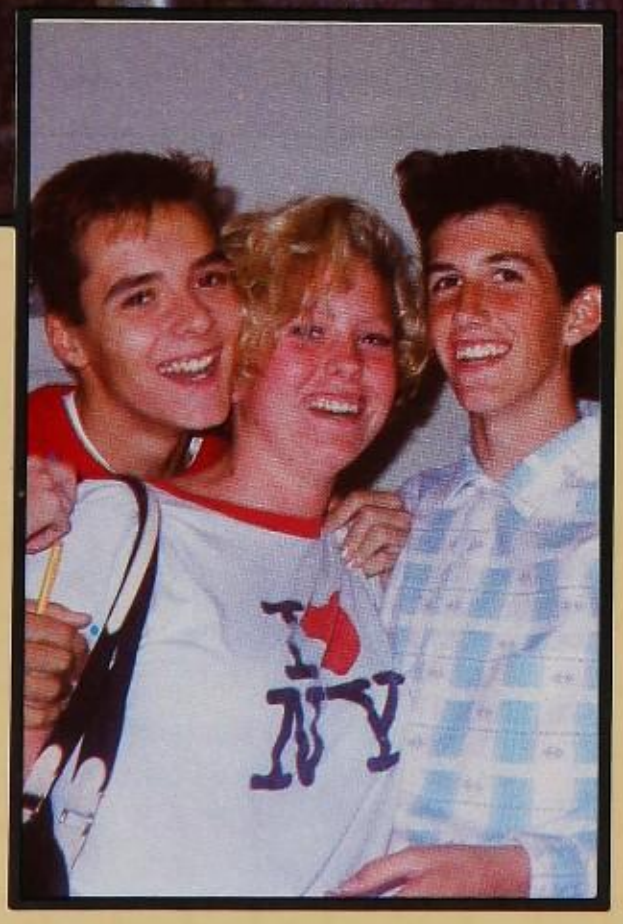
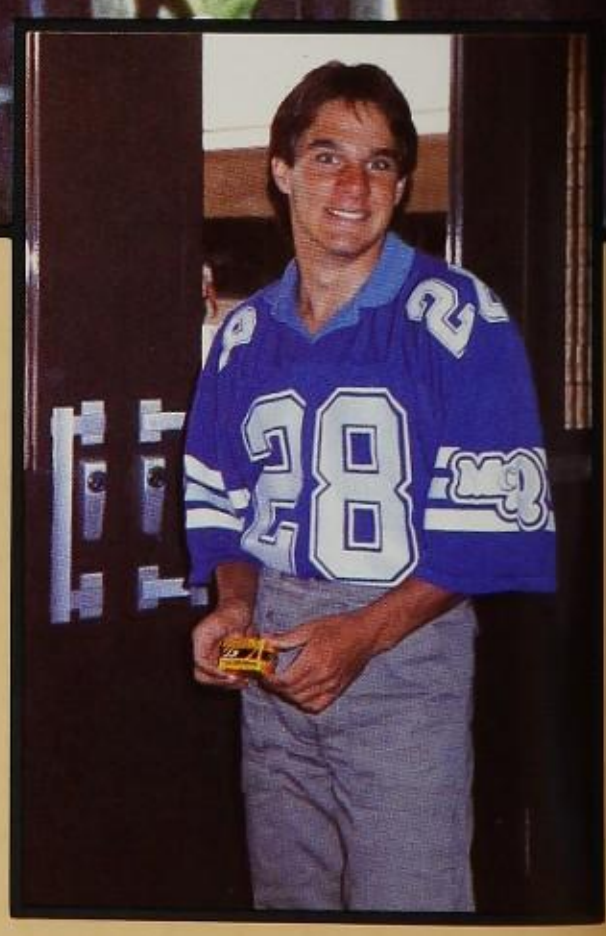
INTRODUCTION

Reaching the pinnacle of success has not been easy. Reaching the top of the ladder has been worth the struggles whether or not you are a senior preparing to graduate and move on in the world or a freshman finishing your first year at McQueen. Boasting an outstanding faculty, McQueen is one of the most competitive schools in Reno. Our success is not based on teachers and classes alone, it's based on the students. In that department, McQueen has only the best. Each and every one of us is "Alive and Well."



Mike Aramini, Sunshine Stevens and Jimmy Davison are all smiles.

Elizabeth Collins and Suzanne Ross realize summer vacation is just around the corner.



Maybe Mike Kennedy isn't as camera-shy as we thought!

INTRODUCTION

It seems the older people become, the more is expected of them. The same is true of McQueen High School. People have learned to rely on the students of McQueen to be involved in community services, academic competitions and athletic contention. We haven't let them down yet, and we keep raising our standards. Just ask any of our competitors; they know we are "Alive and Well."

Living It Up

Living up to the reputation McQueen has meant a lot of hard work, but it also means having a lot of fun. Everyone knows going to school is more than just doing homework, taking tests and sweating grades. There is gossip to hear, dances to attend and pep rallies to watch. The lunch hour is the main social hour, as well as before and after school. Whether you're waiting for the tardy bell to ring or you're climbing on a school bus home, you are sure to hear jokes and laughter as students prepare for the time ahead.

A major pastime of most students is just "bummin' around" with their friends. Many go to the malls to shop for new fashions or attend high school sports functions such as football games or track meets. A lot of McQueen's students work after school and on weekends. Just being out with friends is what having a good time is all about.

McQueen students can have a lot of pride in themselves and their school. They are successful and made a name for themselves. They know they are 'Alive and Well, now they're living it up!

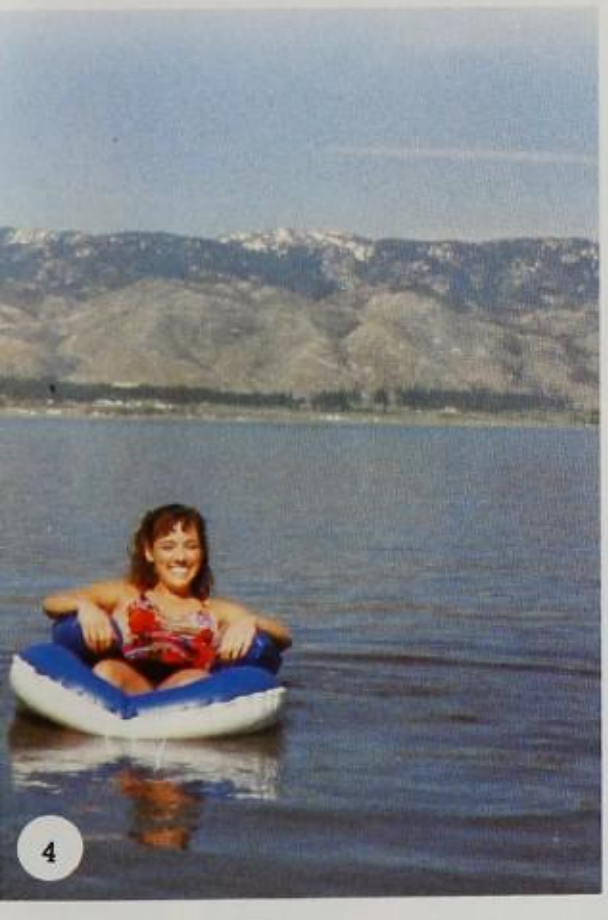
Summer Time Means Fun Time

The school had finally come to a close, not to end in complete sadness but to open the joyous celebration of summer. The schools would soon be abandoned and for 3 months the thoughts of paper, pencils and books would be completely forgotten. The only thought that would be known to high school students would be the beach, getting a great tan or possibly working. There were many activities this summer beginning with The Senior Lake Day, a day in which all Seniors are brought together at the beach for their Victory Party — Conquering High School!! Summer wasn't necessarily a laid back event for everyone — The Cheerleaders all had camp and extensive practices as well as the Drill Team. Many students held one job or another in order to pay for that new car they just bought or for that insurance their parents refused to pay and Ohh! we can't forget college. Summer means something different to everyone, perhaps its Summer Camp or visiting your Aunt Sally in Cleveland, getting a full time job to help pay for all those long distance phone calls or sitting in a dreaded classroom for 6 long weeks of American History or it's just plain relaxing on the beach and basking in the sun, but many will say that summer is to them: THE 3 BEST MONTHS OF SCHOOL!!!



1. John Steiber patiently waits for the right wave. 2. Elaine Frazier, Michelle Marcuerquiaga, Karen Waren, Karie VanGuilder and Trish Ruybalid at a friendly get-together. 3. Vinh Pettie takes a rest after barbequing a fabulous dinner for his friends.

4. Colleen Walsh enjoying a cool frosty on a hot summer day. 5. Trish Ruybalid catching some rays to improve her already fabulous tan. 6. Susan Giovanini and Lesley McGough enjoying Summer Vacation.

Registration Blues

When the registration papers come in the mail, it signifies that summer is about to end and school is about to start. This year was no exception.

McQueen registration was a two day affair, September 2 and 3. On the 1st day, seniors, juniors and freshmen came back to pick classes, teachers, and periods. The next day sophomores and new students had their turn.

Registration is a grueling experience for most students. Some cannot get the teacher they want or classes are closed. Sound familiar? After everything gets straightened out everyone is satisfied with what has happened. Well, almost everyone.

1. Ian Hudspeth takes out his frustration on Nicole Beaulieu while Mrs. Walton-Buchanan shows her approval. 2. Tracy MacFawn and Kirta Nieni stick together. 3. Dana Swartzendruber shows the new Freshman her morning smile. 4. Mr. Durbin shows his smiling face to returning students. 5. Larry Pardini shows his enthusiasm the first day back to school.

Computer Age Has Arrived

In a world growing more and more technically advanced, computers are becoming a major part of our lives. McQueen seems to be following this trend. We now have computers being used in many areas of the school. The Administration uses its infamous computer to keep track of the number of absences a student has, the Yearbook Staff has its own computer for use in designing the yearbook and even individual teachers are using computers to keep track of grades. In addition to these computers used to run the school, classes like Data Processing and Keyboarding are becoming more and more popular. McQueen even has a computer club which meets periodically to discuss and write new programs. All of this involvement in computers helps keep McQueen up to date in today's hi-tech world.

A Big Success

Assemblies this year were bigger and better than ever. Phrases like "I'm glad I went" and "It was worth going" were commonly heard at all assemblies.

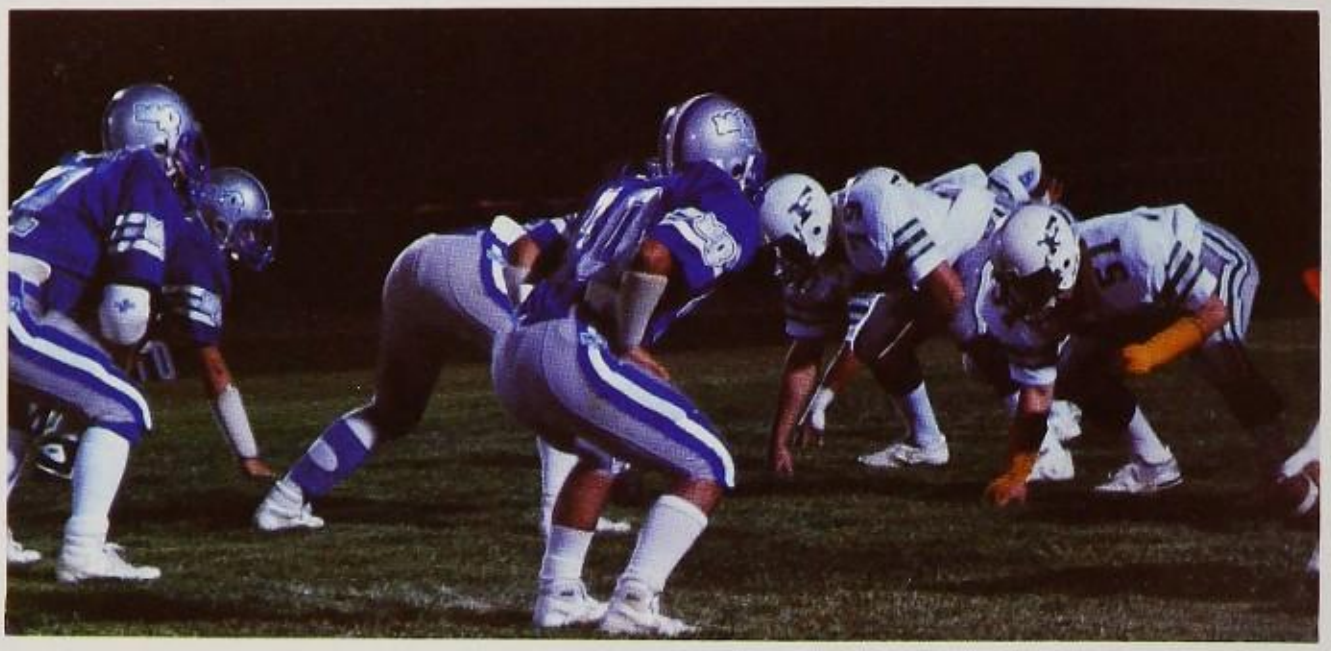
Mr. Flynn opened this year's first assembly with his annual welcome back speech and the swearing in of the class officers. Then, it was the Drill Team's turn. With almost flawless precision they performed their dance routine to the beat of "My Secret." At the end of the dance routine, our student body president, Denise Trimble explained the rules of the "Roll-Over" Contest. The winners would receive spirit points which would go towards the Spirit Banner. The seniors showing both dexterity and ingenuity easily defeated the competition.

The assembly climaxed with the time-honored chanting contest. The winner of this not only proved who was the loudest but they also received the spirit banner. It was a close contest but the seniors barely managed to eek out a victory over the juniors.

All in all, this year's assemblies not only raised the spirit of the school, but they also made the otherwise tedious school day more bearable.

1. Juniors show their fabulous skills. 2. Freshmen Cheerleaders and friends cheer on the crowd. 3. The Junior class shows that they do have school spirit. 4. Lancerman strikes again? 5. Chuck Martin, Rob McCoy and Rudy Evanson do their imitation of the Blues Brothers.

Welcome to McQueen



Paying the Price

Sports are an important part of any high school and McQueen is no different. Our athletes have proven themselves to be some of the best in the state. Training yourself to endure hardships is not an easy or fun thing to do, but these outstanding students push themselves to the edge to be better than any other team. Many individuals train in the early morning hours before school or in the afternoon sun. Each team has its own individual problems it must overcome to succeed. Fall sports teams often battle high winds and cloudy weather. Winter sports face snow and ice. Spring sports struggle with mud and rain each year. Spirit and pride shine through on every court, field and room in which McQueen's students compete. Each one of these competitors deserves our pride and support because without them McQueen couldn't stand as tall as it does now.

Hug-ed at Homecoming

The McQueen varsity football team really went for it this year.

With only a few players out on injuries, the team was hoping for a victory, which would lead to bigger and better things. Roman Mudd, the teams quarterback, had 1 touchdown and scored on a one yard run. Darius Peele, who plays safety and split end, caught 4 passes for 74 yards and scored on a 20 yard pass.

Unfortunately, even with their excellent plays and their good sportsmanship the Lancers were unable to defeat the Hawks.

The halftime events were very exciting for the performers as well as the audience. No one will forget the snake dance performed by the Drill Team and the Cheerleading squads. But, there was one person who stole everyone's eye during the dance that was a male cheerleader by the name of Mike Whiting. Let's not forget the performance by our school's great band. The intense moment was released with balloons when Jodi Marcucci was announced Homecoming Queen of 1986.

1. Pat Smith clears the field so that Les Cooper can score for the Lancers. While Sean Borchardt looks on in amazement. 2. Even though Doug Hunter and Tim Peters were out on injuries, that didn't stop them from supporting the team. 3. Tricia Wagner and Brian Stowers concentrate heavily on playing the instruments while Michelle Smith checks out the action on the field. 4. During halftime the seniors proudly showed the crowd their first place float.

Homecoming Week Activities

Homecoming week at McQueen was fun this year. Student and Faculty spirit soared as both participated in the various activities.

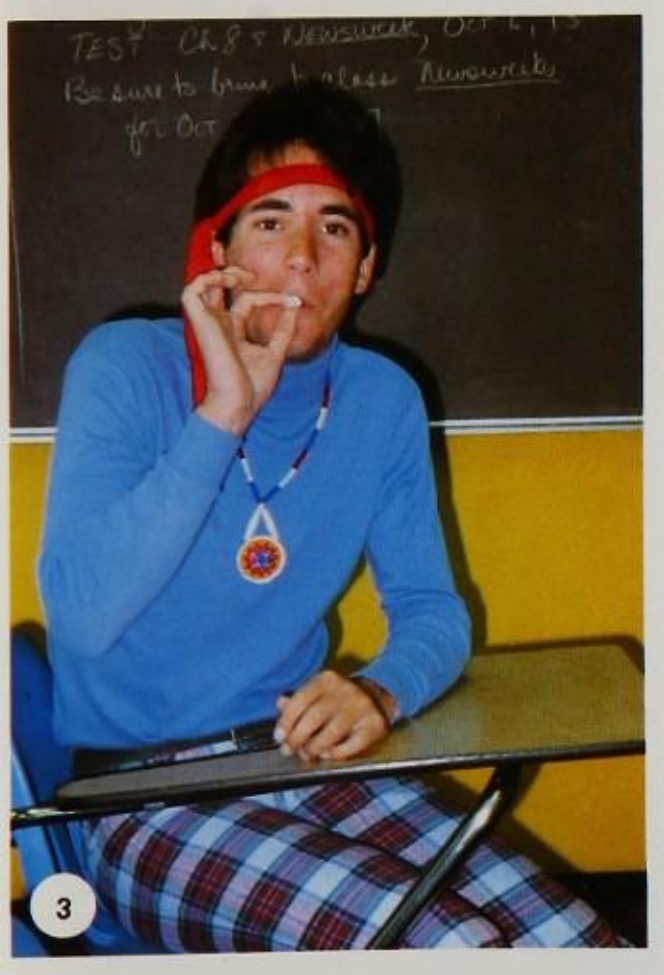
Some people took advantage of the dress-up days. There were 50's, 60's, 70's, and year 2000 dress-ups, as well as a traditional blue and grey day.

Other activities included: lipsyncs, jello throws, and lunchtime volleyball games. The classes competed for spirit points. The winner, announced at the homecoming assembly, won the honorable spirit banner.

The assembly promoted mass spirit as the four different classes battled for the spirit banner. After all of the competitions took place, the judges assembled, and the spirit banner was presented to the juniors by our mascot, the lancer man.

The seniors dominated the fun filled powder puff game, and the score, 30-8, showed this. The powder puff cheerleaders put on a powerful performance at half time.

Friday the student body gathered for the homecoming football game, and, after the game, a HOT dance that everyone enjoyed. The dance was a perfect climax to a very enjoyable homecoming week at McQueen.



1. Juniors lipsync "Surfin' U.S.A." Left to Right: Brian Green, Dan Dement, Tim Hunt, Scot Krutz, David Weiser. 2. The sophomore class stuffs it. 3. Mike De Angeles in hippie attire. 4. Ye Royal Court

The tension was building. The band had done an excellent performance. Spirit and Drill team had shown their quality and skill in an awesome routine, and the class floats were revealed to the audience to be judged. At this time the Homecoming Court was announced. In classic cars rode Shelley Redican and her escort Guy Fiore, Jenni Graves escorted by Louie Locke, escorted by Rob Finley was Jodi Marcucci, Denise Trimble escorted by Maury Oleson, and Marc Spencer who escorted Colleen Walsh. The royal court stood in front of the Homecoming audience full of excitement, tension, and awe waiting for the queen to be crowned. Mr. Flynn stepped up to the microphone and announced "The Homecoming Queen for the 1986 school year is . . . Jodi Marcucci!!!" The crowd went wild and the excitement will not be soon forgotten as Tracy Faulstich crowned Jodi Marcucci Homecoming Queen.

Seniors' Powder Juniors' Puff

1986 was a year which continued the fun and games of McQueen's Lady Lancers at the Powder Puff Game. On October 22, 1986, the Seniors defeated the Juniors 30-8. The Seniors were coached by Mr. Pagni and Mr. Benson and later by Mr. Gilreath and Mr. Weaver. These four staff members were just what the Seniors needed for their victory. Mr. Newman coached the Juniors and one could tell he did a great job as the Juniors fought hard to defend their class. During half time crowds cheered the ongoing tradition of the Powder Puff Drill Team. In fact the crowd seemed to like the guys better this year than last. After the game the players, cheerleaders, and crowd met at Straw Hat and enjoyed the video of the game played earlier. Between the actual game and the Powder Puff Drill Team there was something for everyone at this year's game to remember.

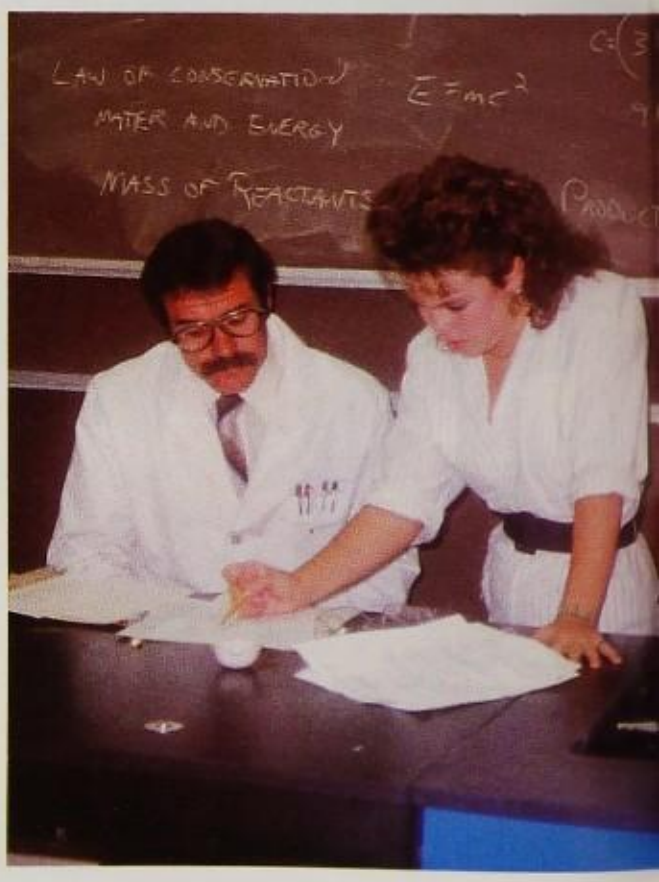
Students At Work

Among the various activities at McQueen High School, the students found other things to occupy their time: Homework, jobs, rehearsals, and meetings.

The Freshmen get their first taste of what studying is all about and learn new study skills. Sophomores and Juniors applied their learned skills to many of their endeavors. As busy as the seniors were, they pulled through with honors. Being their last year in high school, the Seniors applied for scholarships, took important tests like the SAT and ACT, which were necessary for entrance into most colleges, and most held part-time jobs and participated in activities.

Whether Freshman or Senior, all of the students at McQueen High School strove for the best in everything they did. Pride is the common word for the students at McQueen, and in achieving the high standards here, everyone should be commended.



1. Krista Johnson smiles as she discovers a cure for the common Freshman inferiority complex. 2. Stacy Lantis smiles during registration because she had so much fun seeing everyone else's smiles. 3. Les Cooper training to be The Incredible Hunk! 4. Mr. Newman looks on intently as Heather Schaefer and Judy Nigro explain to him the origin of the ionic bond. 5. Lara MacDonald, Cynthia Watts, Jimmy Davison, Jamie Barnett, Joelle Grupe, Christine McGrath, Ursula Crane, Tony Manfredi, Rudy Vallejo, and Frank Azcarate learned the fine points of eating lunch and socializing at the same time.

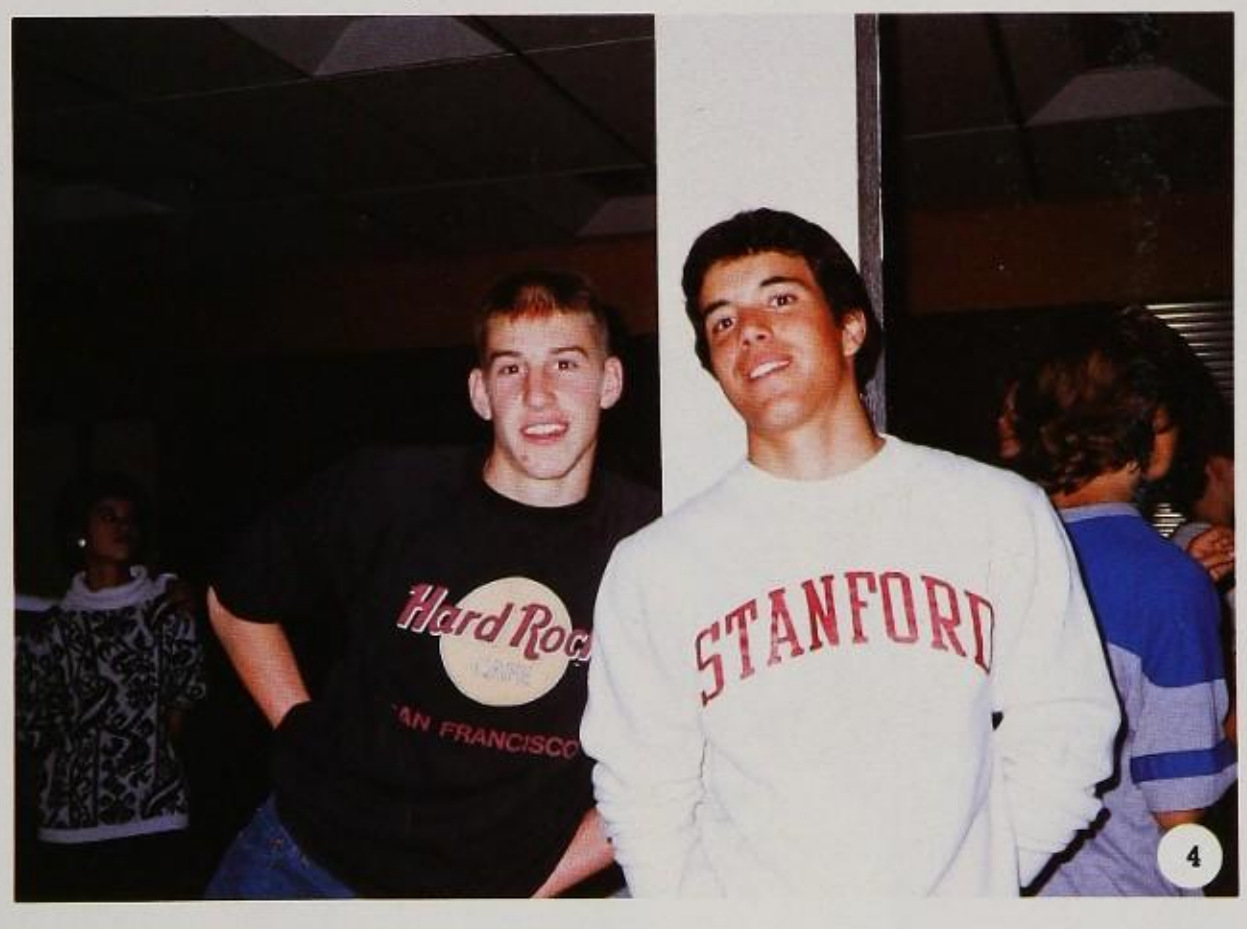
Boogie Time

They say KIDS WANNA ROCK and at McQueen it's most definitely true. Our dances are for friends, lovers, and people who just like GOIN' CRAZY! Dances are a time to show fashion sense, whether it be looking PRETTY IN PINK or wearing corny purple and orange checkered pants. Fortunately only those who figure it really is HIP TO BE SQUARE go as far as that. WHAT ABOUT LOVE? Usually the biggest part of the dance is finding one's so-called EARTH ANGEL. It's all fair in the game of SWEET LOVE. Of course all the socializing isn't done with one's sweetheart. There are RUMORS too! Somewhere someone makes a slip and one CARELESS WHISPER. Oh, these dances can really get 'em goin'. That covers fashion, romance, and the bored. However, I've neglected to mention the most important thing, togetherness. The FRIENDS AND LOVERS of McQueen make up one big family, and these get-togethers show it's one for all, and all for one!!!



1. Suzanna Plunket, Billy Fresca, and Trevor Hall show us their wall flower look. 2. So, Mark Spencer, is it true that women go crazy about a "sharp dressed man?" 3. Hey Denise Trimble, smile you're on candid camera. 4. Kevin Oleson, Miles Seta, James Morldy, and John Krause; four friends havin' a good ol' time at the Homecoming Dance. 5. Tony Manfredi and Rudy Vallejo show us that they're two cool, suave, and debonair bachelors.

We Just Want to Have Fun

This past year, students proved that they know how to have fun. On these pages you see some very funny moments students had a great time creating. During homecoming week students had a blast going back in time, and a little to the future. Students dressed up in wild and crazy outfits to show that they do have school spirit. Anyone who thought school was all work and no play was proven wrong several times this past year. No one could prove them more wrong than McQueen students.

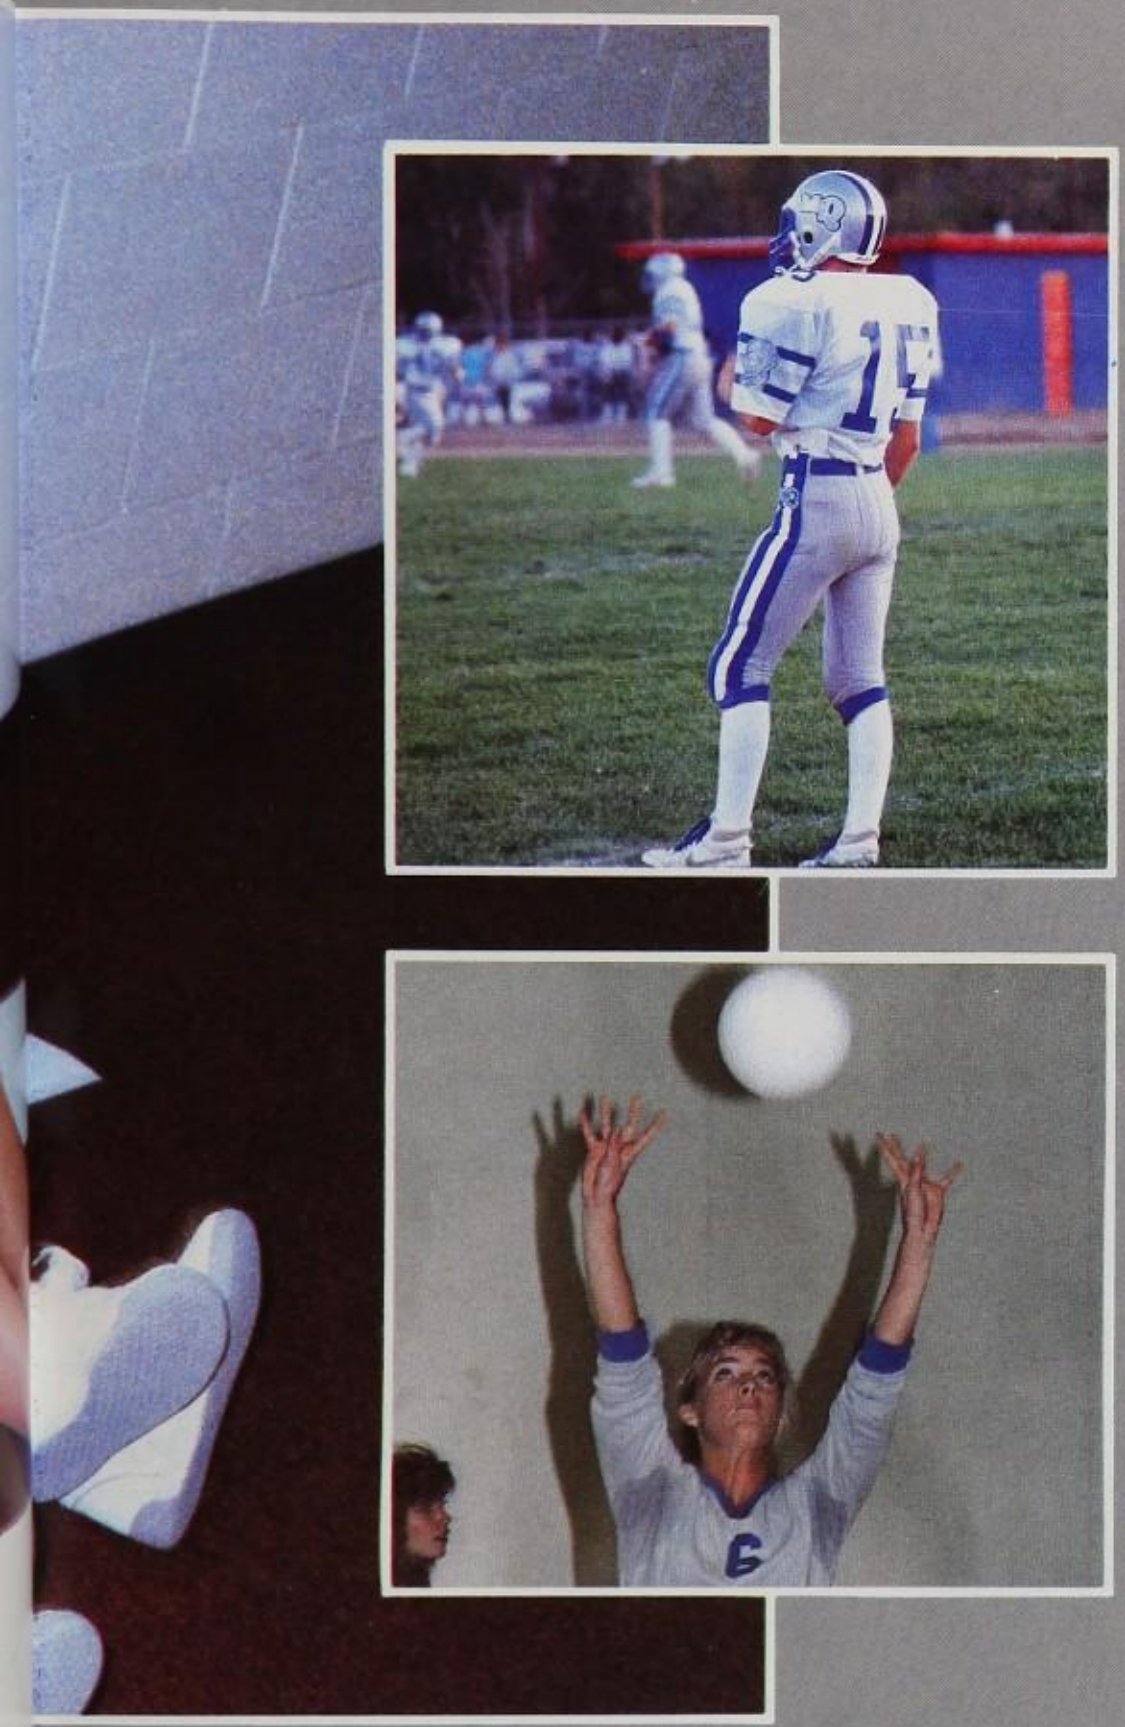
This past year students here at McQueen proved that they know how to have fun. On the following pages you see some very funny moments students had a lot of fun creating. If there was anyone who thought school was all work and no play they were proved wrong several times this past year. No one could prove them more wrong than the students here at McQueen.



PLENTY OF PRIDE

Again this year McQueen's athletes proved to be tough competitors in every sport they participated in. Not only were they tough competitors but they showed a lot of sportsmanship and enthusiasm with everything they did.

Anyone who followed the sports records this year saw that McQueen's successes far outweighed its defeats. The schools teams frequently competed for state championships. Very few of these teams came home empty-handed. The students at McQueen can be proud of the athletes who kept giving their all, even when the field looked longer, or the hoop smaller. After years of beginning reputation for excellence, McQueen is known to be "Alive and Well."

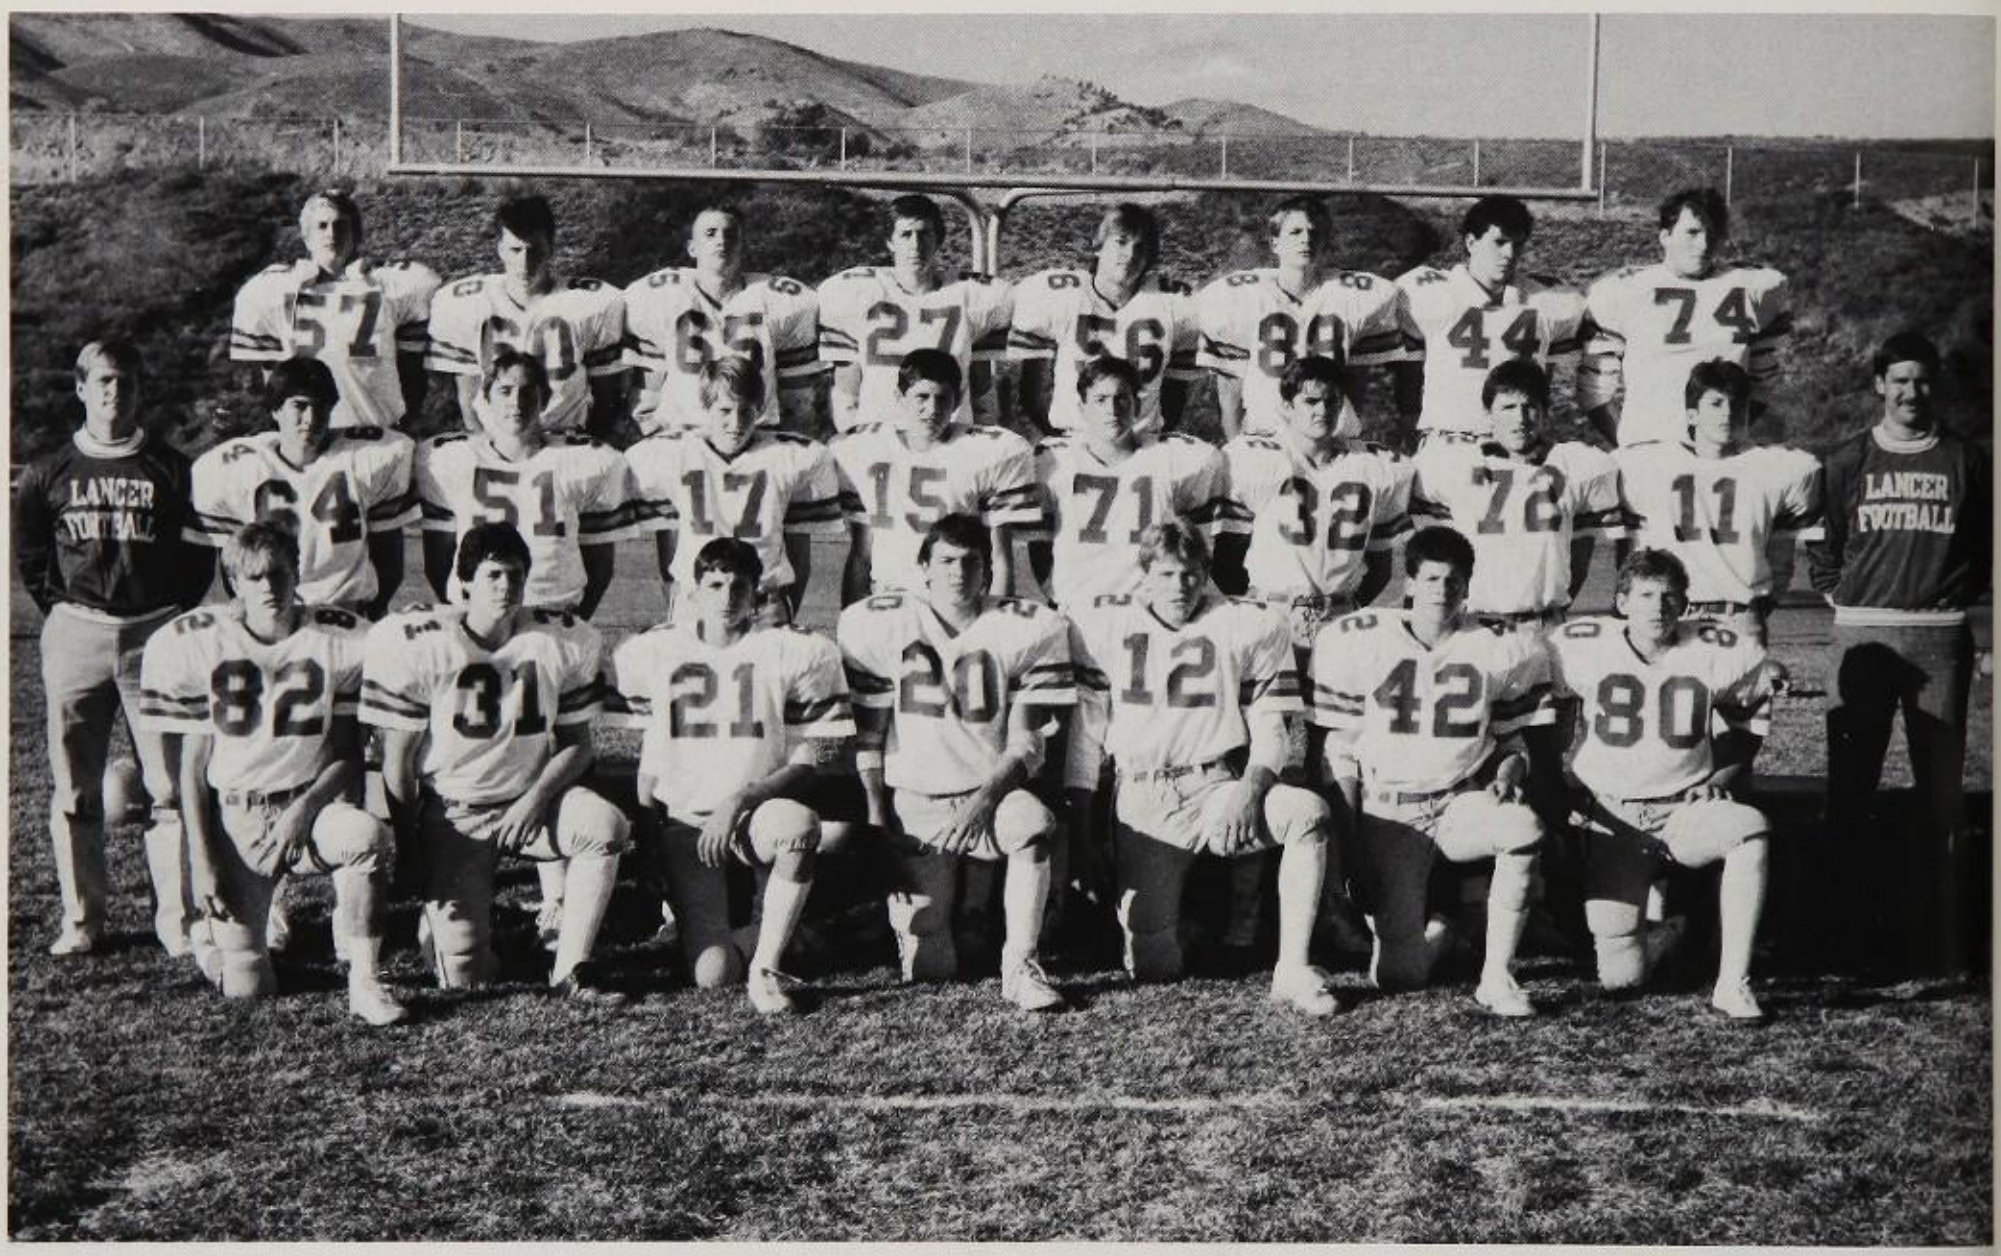
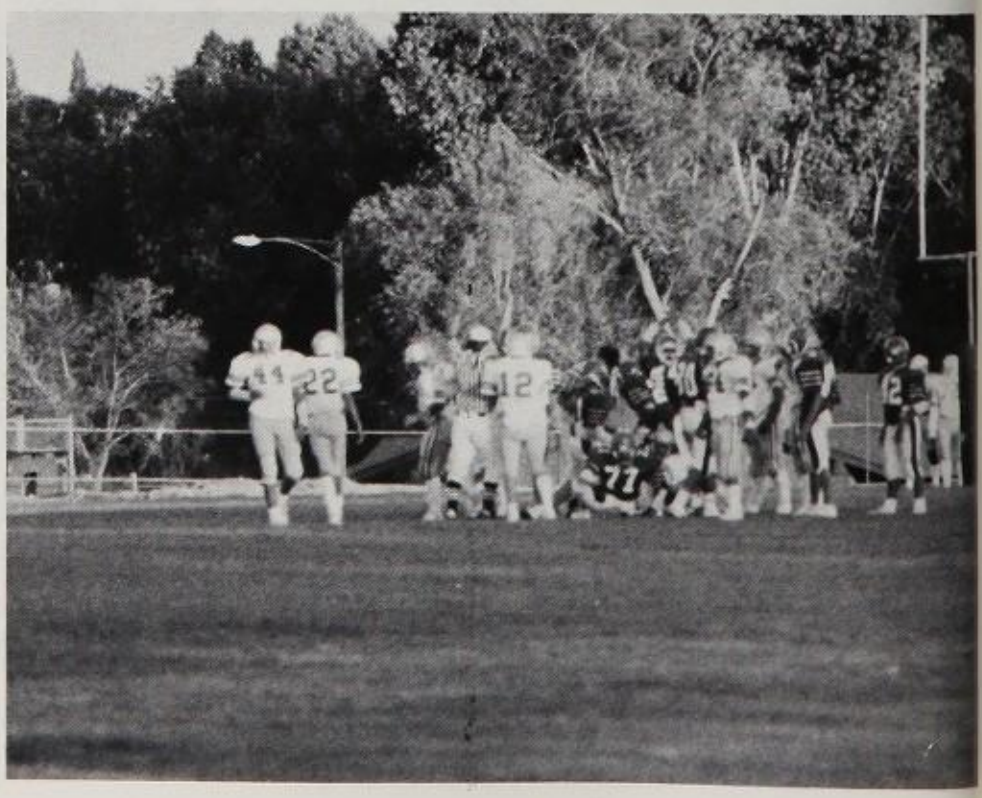
McQueen's Junior Varsity players proved we are winners with their 6-3 season. Coach Cornellias and Coach Sumner worked our J.V. players hard and showed them what it is like to win. This was an important step for McQueen. Our players never forgot about the fun and hard work which goes along with any football season.

They practiced hard everyday, but were still ready for each game-and it showed. The hardships of last year faded with the bright spots in this years team. Each and every player fought everything which stood in front of them to push McQueen further ahead. Our J.V. team made our entire school proud of them.





An example of our pride that the team inspired was in the size of the crowds at the games. More support and enthusiasm was shown by Lancer fans than ever before. This is just one of the hot teams that is making McQueen's future look bright.

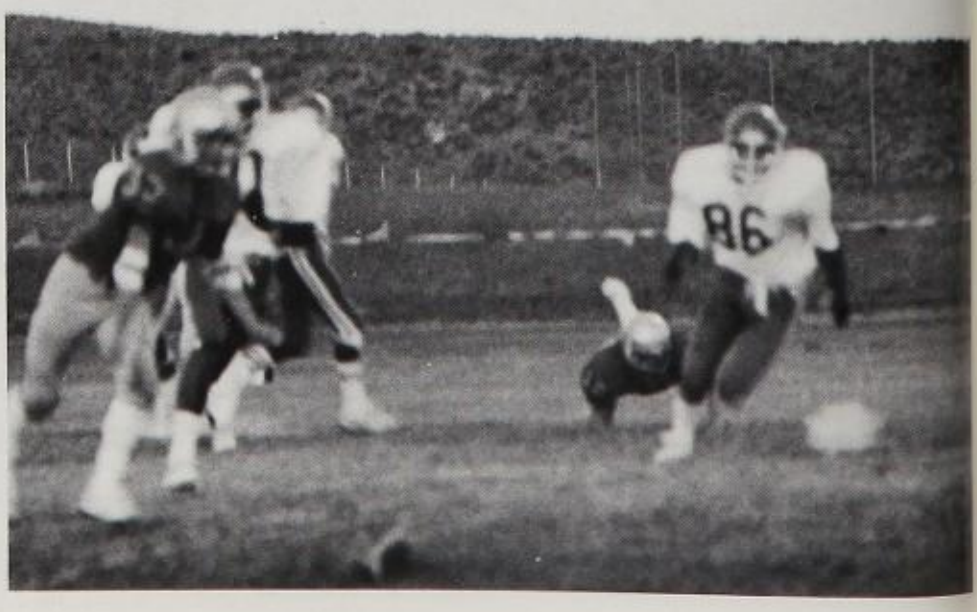
During this past year, the freshman football team showed a lot of promise throughout the season. The team was tough and won many of their games. The whole team contributed to the many wins they had. Coach Hughes was quoted as saying, "The team was one of the most physical teams we've ever had, and they had great attitudes."

Three of the players named most valuable were, Eric Pannelli, Halfback, Linebacker; Garrick Wrenn, Fullback, linebacker; Damon



Weatherill, Tackle, Defensive End. Even though they were named most valuable player they couldn't have succeeded without the rest of the team. The team all did very well and we hope to see them do as well next year!

Curtis Tishler readies himself for a perfect kick.

More people are getting involved in cross country running. In the case of McQueen's girl's team, participation has doubled from four to eight. This gave them a sense of being a part of a real team.

The boy's team deserves recognition for outstanding accomplishments. In the Spark's meet, the first three runners across the finish line were from McQueen. Good job!

In addition to running in local meets, the teams spent some time traveling. They competed in meets at Tahoe, Lasser, and Cordora. Three runners went to Las Vegas. There, Michelle Cantor, Jeff Lifur and Blake Olberg represented McQueen in the State Individual Championships.

Several runners will be returning next year. The coaches will have a strong foundation on which to build a competitive team. The out look for a winning season is bright.

Michelle Cantor sums up: "This year was really special, for me at least. I'm sure I speak for many others as well. We've always had individual talent, but this year proved to be more than an individual effort. We really became a team. Everyone was very supportive and cross country is one sport where support is very important."

Take It Across the Line

1. Michelle Kantor gets tough. 2. Robert Johnson strides to the finish. 3. L to R: Coach Small, Thea Ogan, DeeDee Crumley, Sandra Hedicke, Michelle Kantor, Julie Moore, Alyson Murphy, Amy Bianchi. 1. "There are three types of people : One who makes things happen, one that watches things happen, and one that doesn't know or care what happened." According to the quote, the McQueen Volleyball Team is certainly a news maker.

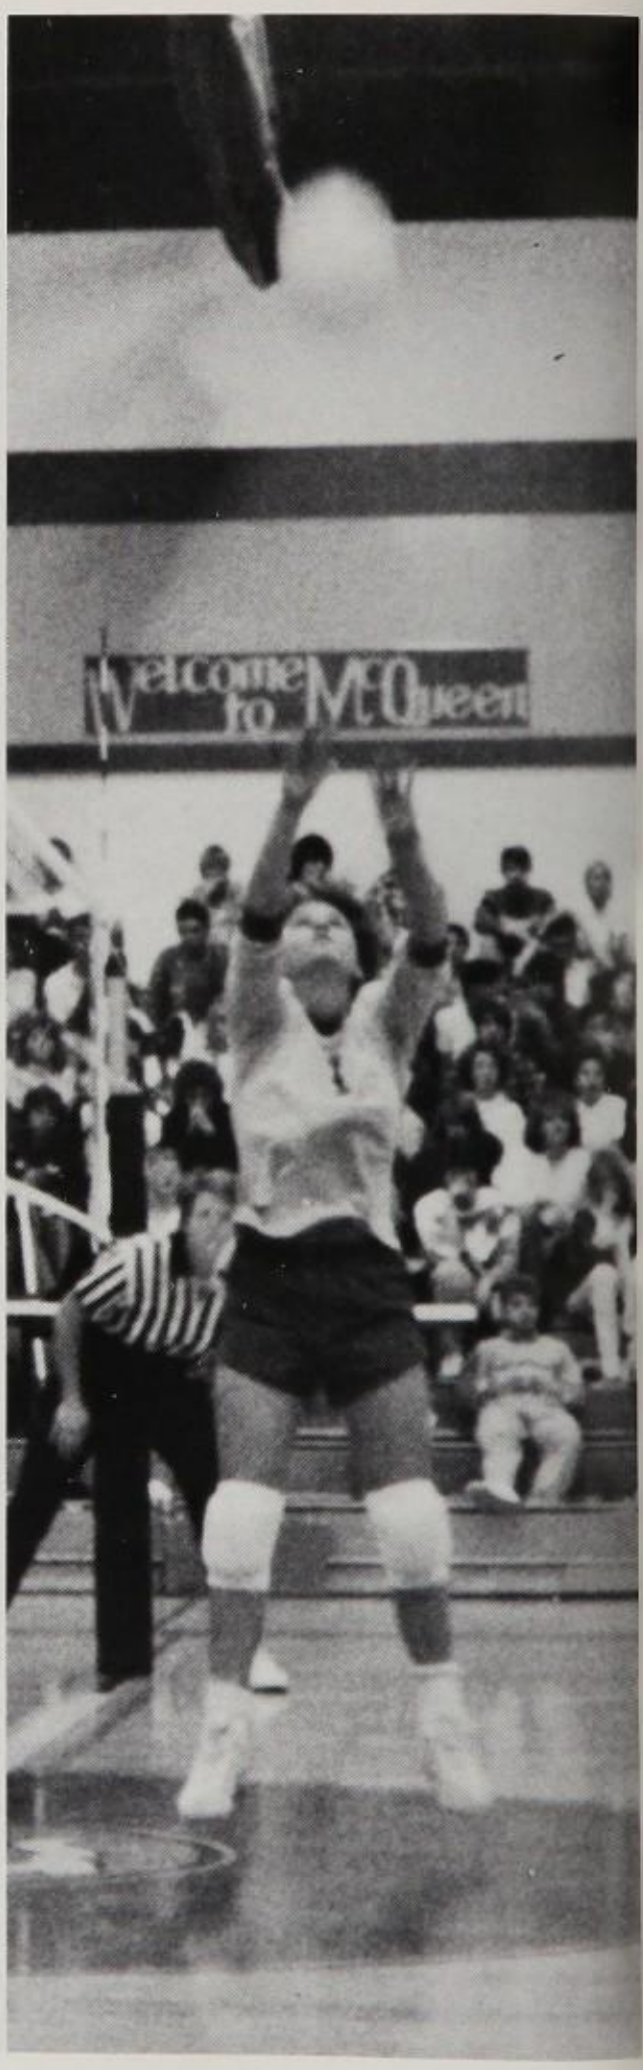
The McQueen varsity volleyball team under the leadership of Captain Patty Trowbridge and Coach McKnight had an absolutely sensational season this year, despite the fact that they missed the championship by an inch. It was definately worth watching them take the zone title and make their way to the very top.

The team had to work very hard to reach what they wanted. They prac-



ticed three hours a day, six days a week, under Coach McKnight's supervision and helpful strategy, to become the newest and most fearsome team of the state. But overall, the most important thing in any team is the companionship between the teammates. "We all had the basic desire to win and be the best and that's what pulled us together." That really showed how much the team sticks together all the time. Without desire there is no way the team could make it to the top.

Together to the "Top"

Volleyball is an exhausting sport. This year's J.V. Volleyball coach was Teresa Burrows, who commented on the hard work the girls showed. Coach Burrows: "All the players contributed an equal amount of effort and showed plenty of hard work."

Throughout the Volleyball Season the players showed tremendous enthusiasm and spirit. This year team can not be compared to last years volleyball team. Next year will be an even better season. The team made the Lancer students proud of them and their dedication to the game.

"I loved how the team showed the

power of a Lancer. The team has made us very proud of their spirit, hardwork, and devotion. Keep up the good work!!"

The Coach would like to add a special thanks to the girls on the J.V. Volleyball Team.

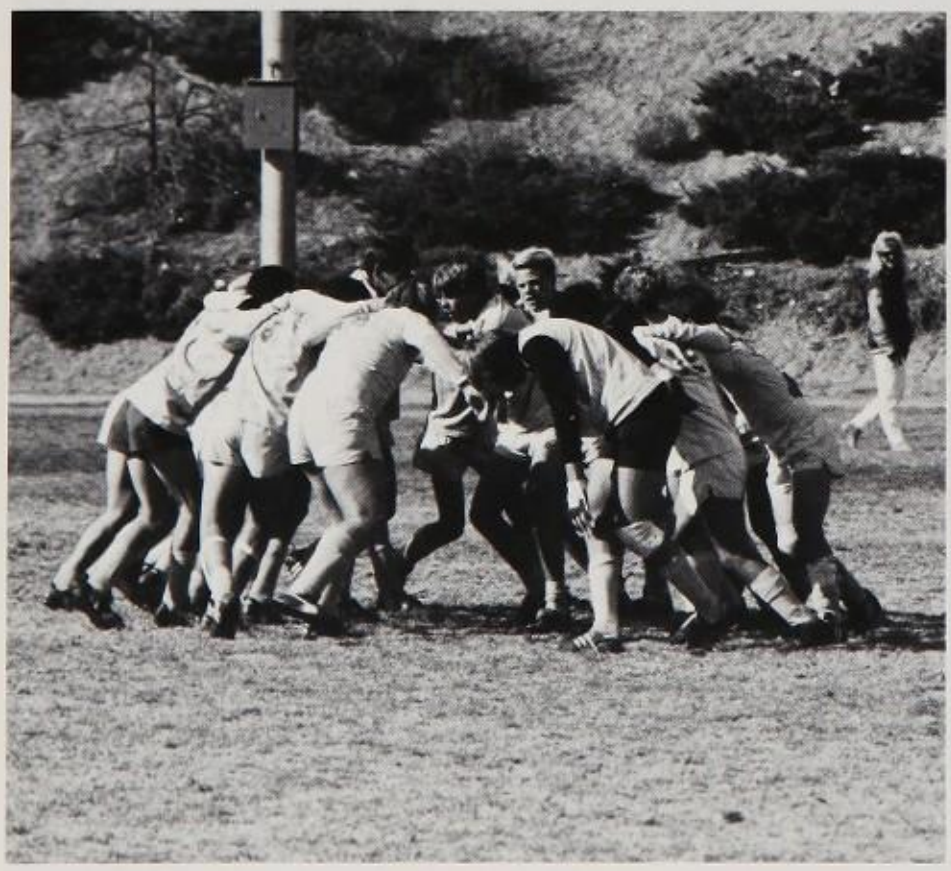
Our Soccer Team this year gave us a very exciting season. They went to AAA zone with their 11th win and two tied games. Their season may have been helped by the fact that more spectators showed up this year than any other year.

The coaches' choice for this years M.V.P. was Rich Squalia who was also chosen best defensive player. John Larson was chosen best defensive player while best infielder went to Sean Beuhler. The most improved players were Larry Pardini and Jeff Pidlypchak.



Although we are losing many of our senior players who excelled on the field, the underclassmen are a strong part of our Varsity Team. With all of their talent we'll be able to keep the great name that has been earned over the past years.

This year's J.V. soccer team had a great season. The McQueen J.V. team was the first to have a female starting player in Northern Nevada. Judy Nigro was an excellent all around player and moved up to varsity later in the season. The team had much enthusiasm this year. The spirit they showed was demonstrated at all their games. This year's J.V. soccer coach was Mr. Deliquadris. Coach Deliquadris quit his job so he could devote more time to the team.

This year's soccer banquet was held at the Elks Club on Monday, November 17. The award for the Most

Valuable Player was awarded to Shane Christenson. The best all around player was Judy Nigro and the Most Improved Player award went to Phil Butler. The J.V. soccer team made us all proud of them this year.

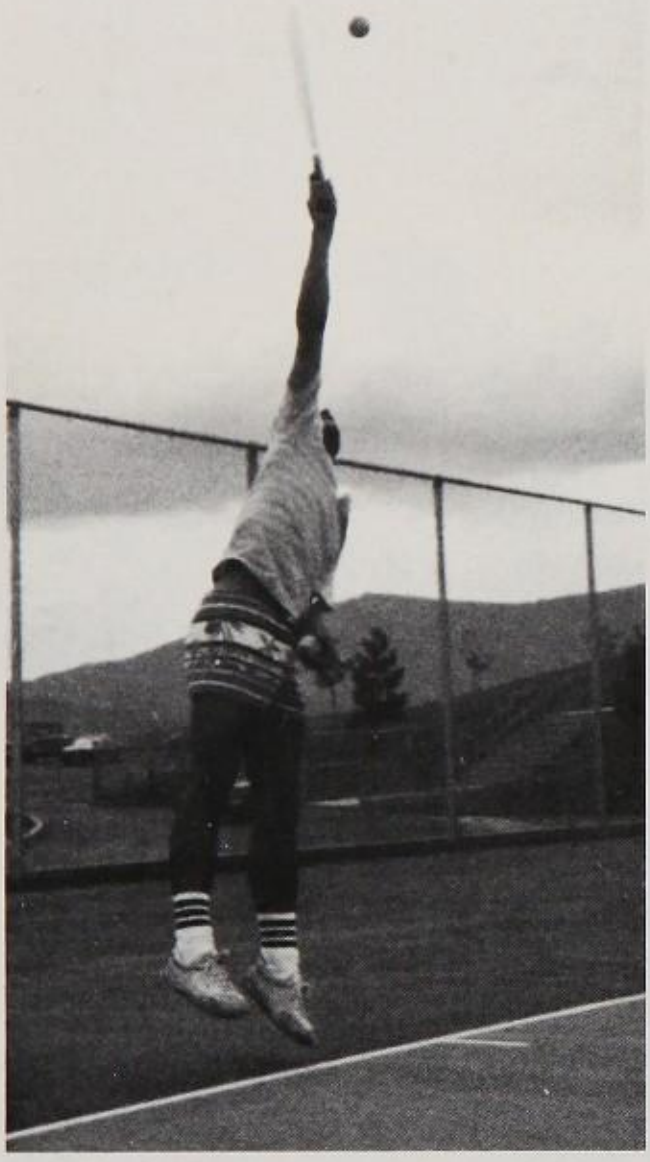
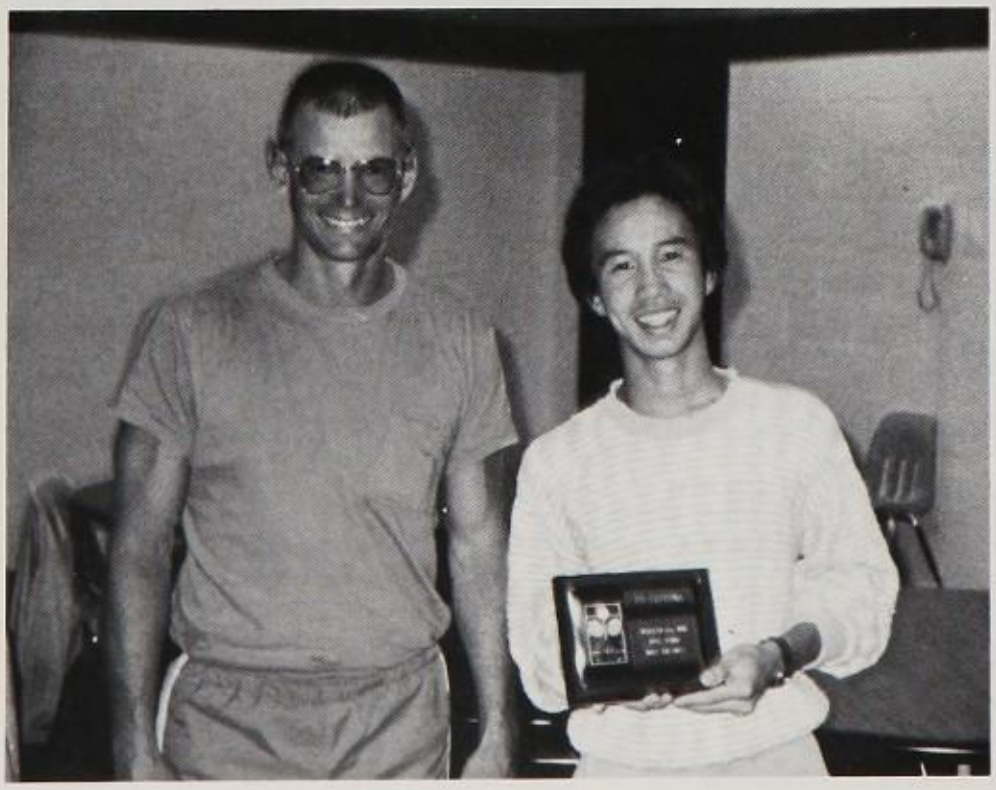
The road to success was not an easy one for the Boy's tennis team. After losing three starters, the boys had to rely on their second-string to carry them through the season. After a rough start, the second-string came of age and won many of the points needed to win matches.

The team was led by the doubles combination of Brent Busboom and Ed Estipona who finished the season with a number four ranking in Northern Nevada, and a state quarter-final berth.

The team quite often had to make come-from-behind victories to save the match. The team always would rise to the occasion and prevail.





These victories would prove important in the team's attainment of their fourth straight winning season. At the awards ceromony, Ed Estipona was named most valuable player, Devan Phenix most improved, and Danny Isler sportsmanship. When Coach Al Sinada was asked about the teams performance, he said, "They played hard all year."

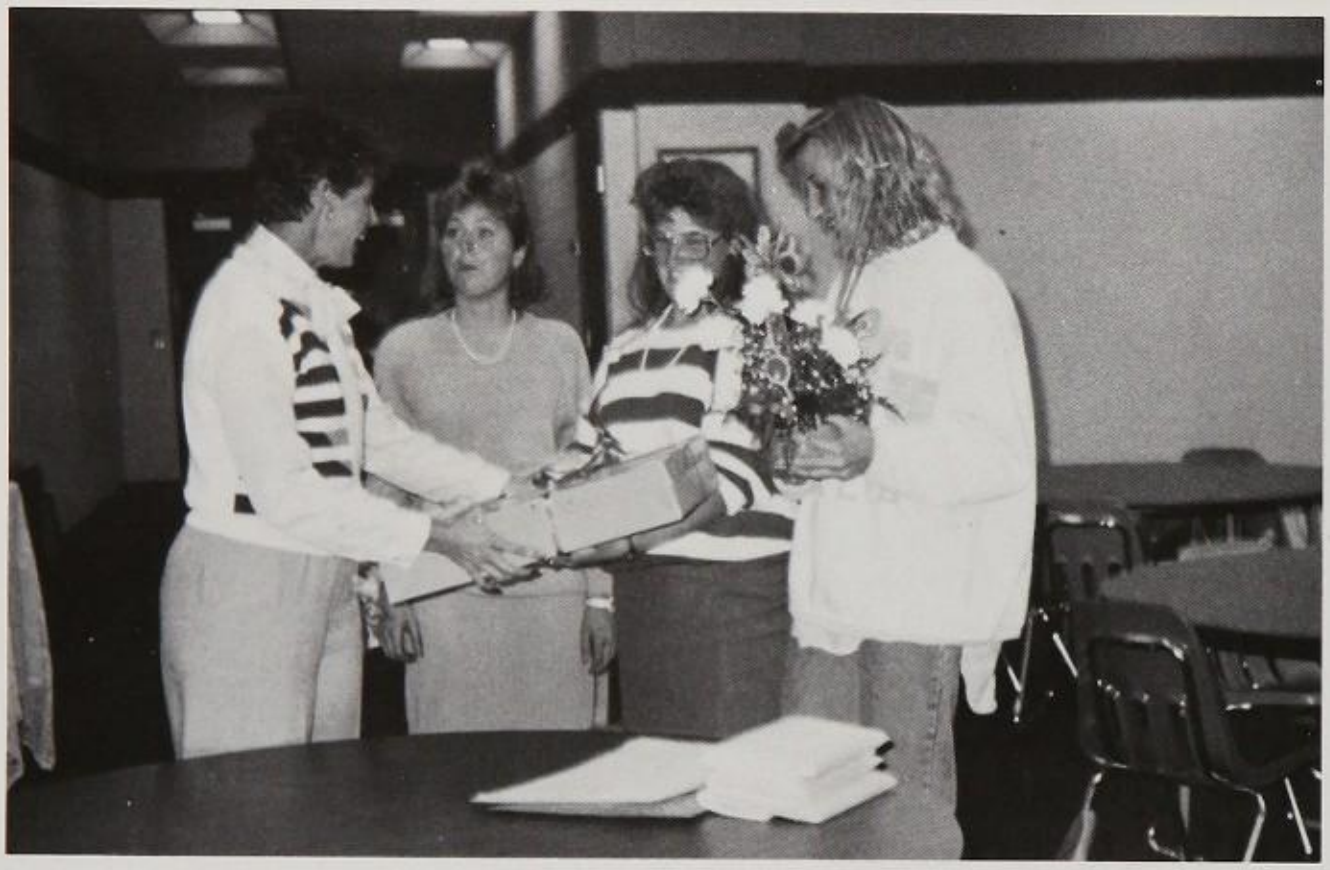
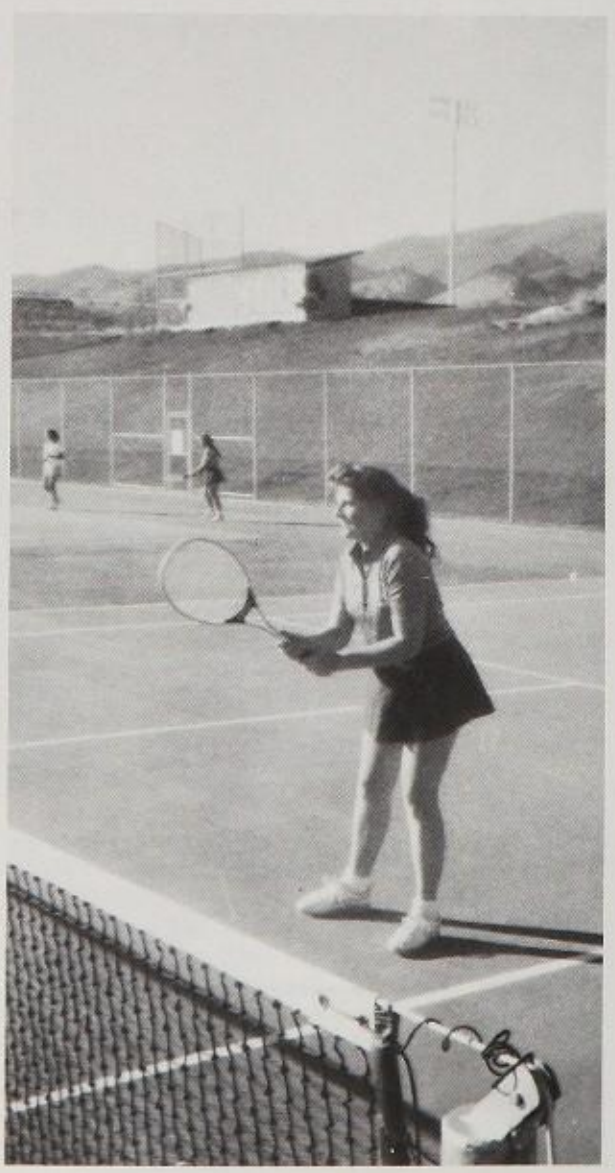
The Lady Lancer Tennis Team ended its season with a 4-7 record. This season was one of the best ever for the team. With five returning players for the new season, great expectations were in the air.

During an awards ceremony for the girl's, team Christie Nelson was named the most valuable player, and Jennifer Legere was named the most inspirational.

At the end of the last season Coach Schebler was quoted to have said, "... next year we'll climb up higher."





As she predicted the team was much improved this season. When asked how the team would fair next season Coach Schebler said, "We'll do well, we have a lot of young talent."

The wrestling team made great improvements this season. The coaches kept them in shape and good condition throughout the season by making them stretch, wrestle, and drill. By doing this it prepared them for their very strenuous matches. They exhibited considerable strength during their meets, which showed their positive attitudes and dedication. The team consisted of 22 members, Coach Cass, with an assistant Mark Zimmerman.

The 1986-87 Varsity Boy's Basketball team did an outstanding job and continued to let their winning spirit shine throughout the season. The team consists of thirteen players, nine of which are Seniors with the remaining four Juniors. They all worked together to form a winning team.

Sean Barry, Steve Maguire, Matt Bonari, and Dave Arden are all returning lettermen from last year. All put in a great effort into the games, but none of the games would have been as great if these players had not been on the team.

Last year saw the team represented for the first time at the State Basketball tournament. Coach Reynolds commented, " . . . we're hoping to repeat that trip again this year."

Many talented and spirited members made up this year striking J.V. Basketall team.

Watching these boys play, makes future years at McQueen look promising as far as basketball is concerned.

The team practised hard and strove to win each game. They played aggressively throughout the season. They were outstanding and added to the Lancer Pride.

There were 9 valuable players with wonderful skills that kept team going throughout the season. Coach Rodriques helped his team reach their goals of perfection with outstanding coaching skills.

The team members was dedicated to their school which helped them a lot in their victories.

The Boys' Freshman Basketball team this year was outstanding. They played very well and gave it their all every time they went out on the court.

The Freshman team learned quite a bit this season. Not only did they improve their skills, they learned how to play with determination in order to be a winning team.

The members of this years team will become some of the best J.V. and Varsity players for McQueen in the future. What they were taught will benefit them when they play next year.

All in all, it was a very rewarding season.

The excitement, enthusiasm, spirit and all the anxiety went together in bringing the Lady Lancers to where they are now. Our Lady Lancers have shown us that Boys are not the only ones who know how to play basketball well, and they proved it. Their scores were possibly the best we've seen. They had practices weekly and they worked very hard to get where they are now. We are very proud of our Ladies and we wish them all the luck in the world, and for next year's season as well.

Talent, skill and hard work led the way to an outstanding record. Teamwork was the key to their outstanding season. This years' J.V. team will provide for an excellent varsity team next year. Coach Babb supplied the encouragement and expertise to help them work towards their goal, to be the best they could be.

Everybody worked as a complete unit rather than as individuals. Not only were the fundamentals reinforced to the girls, but they learned strategies in defense as well as clever offensive maneuvers.

The 1986-87 McQueen Ski Team was the best we've seen so far. They worked very hard, having up to four practices a week and once a week they had practice runs at Slide. After all this, hard work and dedication finally paid off! In the end, they proved to be one of the best Ski Teams in Reno. After ski season was over, our most outstanding skiers went to Zone. They were: Boys, Mike Whiting, Sean Buehler, Larry Partini, Philip Butler, Adam Richards, David Smith and Ron Blodgett; Girls, Kristanne Clubb, Jodi Marcucci, Lara MacDonald, Sunshine Stevens, Jori Mouliot and Amy Dreiling. McQueen's 1987 Swimming and Diving Team promises to be one of the best Northwest pool is where the team practices. Coach Cindy Anderson provides the knowledge, while the students provide the power. Each team member leaves sixth period and practices until early evening.

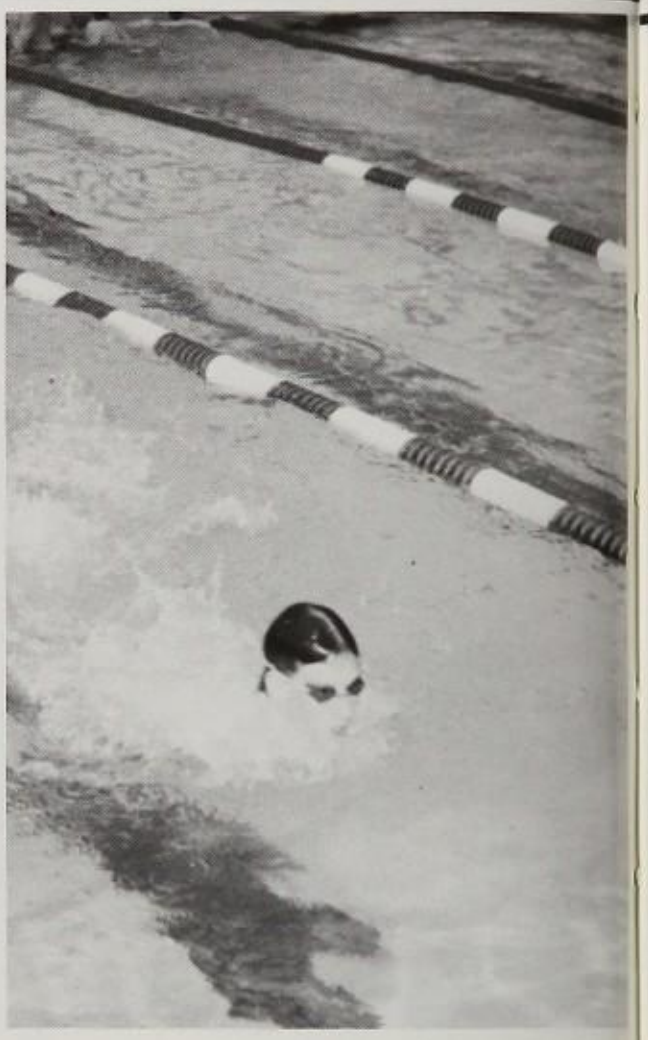
The swimmers compete against teams from different high schools in the area. Each of these teams always seem to be much larger in size than



ours. Our Lancer swimmers make up for their lack in numbers in having strength, spirit, and pride. Without their effort, the team would not be 'Alive and Well!"

McQueen's Golf Team is increasing in size and strength. Golf is becoming a more popular sport among the teenagers. Coach Durbin states ,"My golfers are real swingers. It really shows through the amount of enthusiam put out by this year's team. It took them to the top." The boys' team has done very well with the help of Coach Durbin and his golfing expertise. Some of the more accomplished golfers this year include Roman Mudd, Marc Spencer and Mike DeAngelis. Overall, it takes the whole group to produce McQueen's great golfing team ever.

girls team has ever done so far. Unfortunately, because of untimely transfers, the team was unable to complete this season. Next year's team hopes to increase in numbers and be a strong contender for the state title.

Swinging Away On Spring Days

Once again the 1987 McQueen Varsity Softball team has had a great year. They started and ended with spirit and determenation. The team was hard working and dedicated. They practiced everyday after school. The players worked together helping to win victories. Despite some disappointments, the teams showed true sportsmanship, and gave it their all.

As 1986 Nevada State Champions, our team had to deal with the pressure

1. Liz Collins catching another fly ball. 2. Nicole Bealieu throwing the ball to Michelle Copenhaver for an out at second. 3. K.C. Handren, Joyce Henry and Christie Nelson running to the dugout after another great 3 up, 3 downs. 4. Michelle Copenhaver awaits for the sudden fly ball. 5. of doing as well as last year's team, and to maintain their reputation as tough, all-around sportswomen. Needless to say, they managed to do everything quite well.

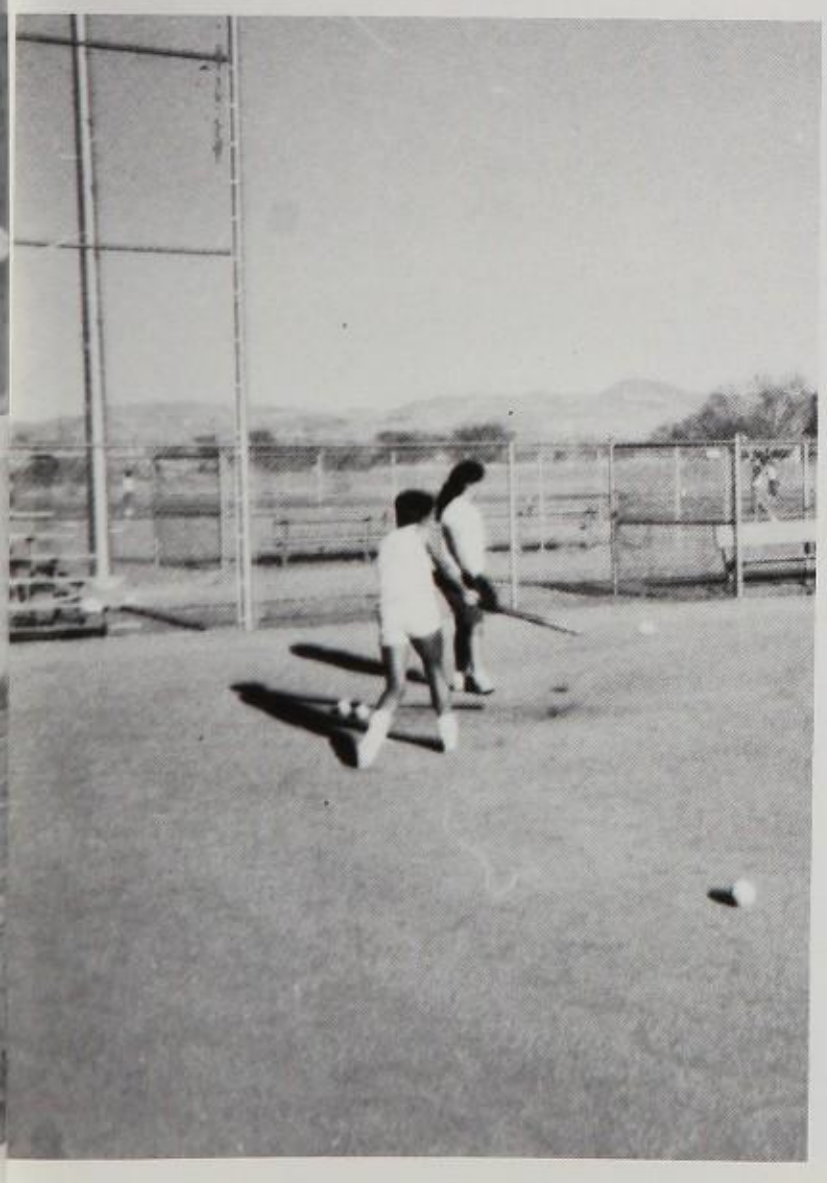
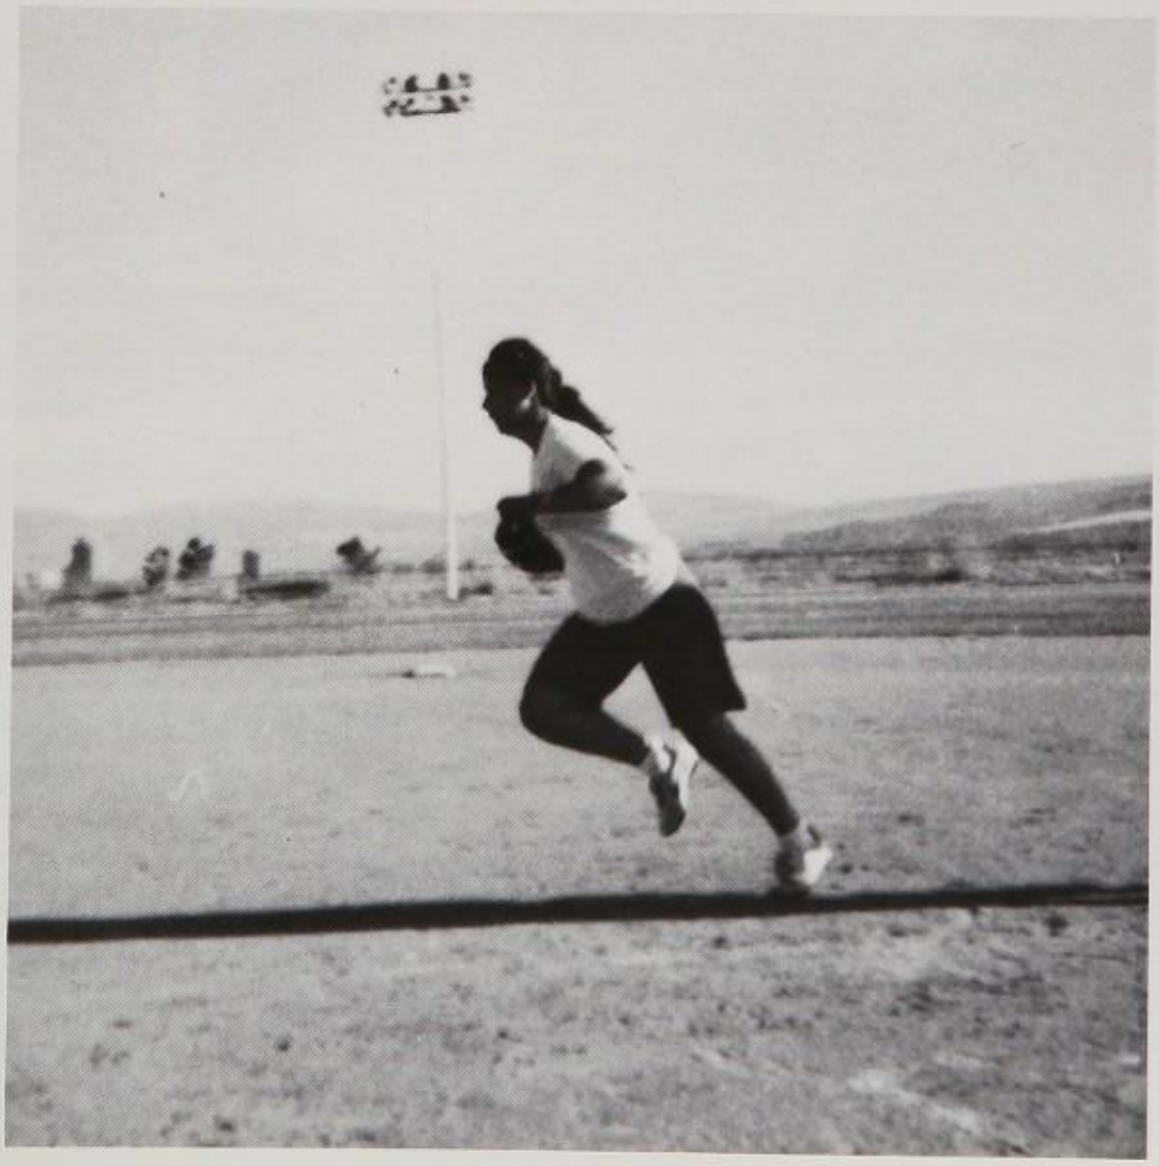
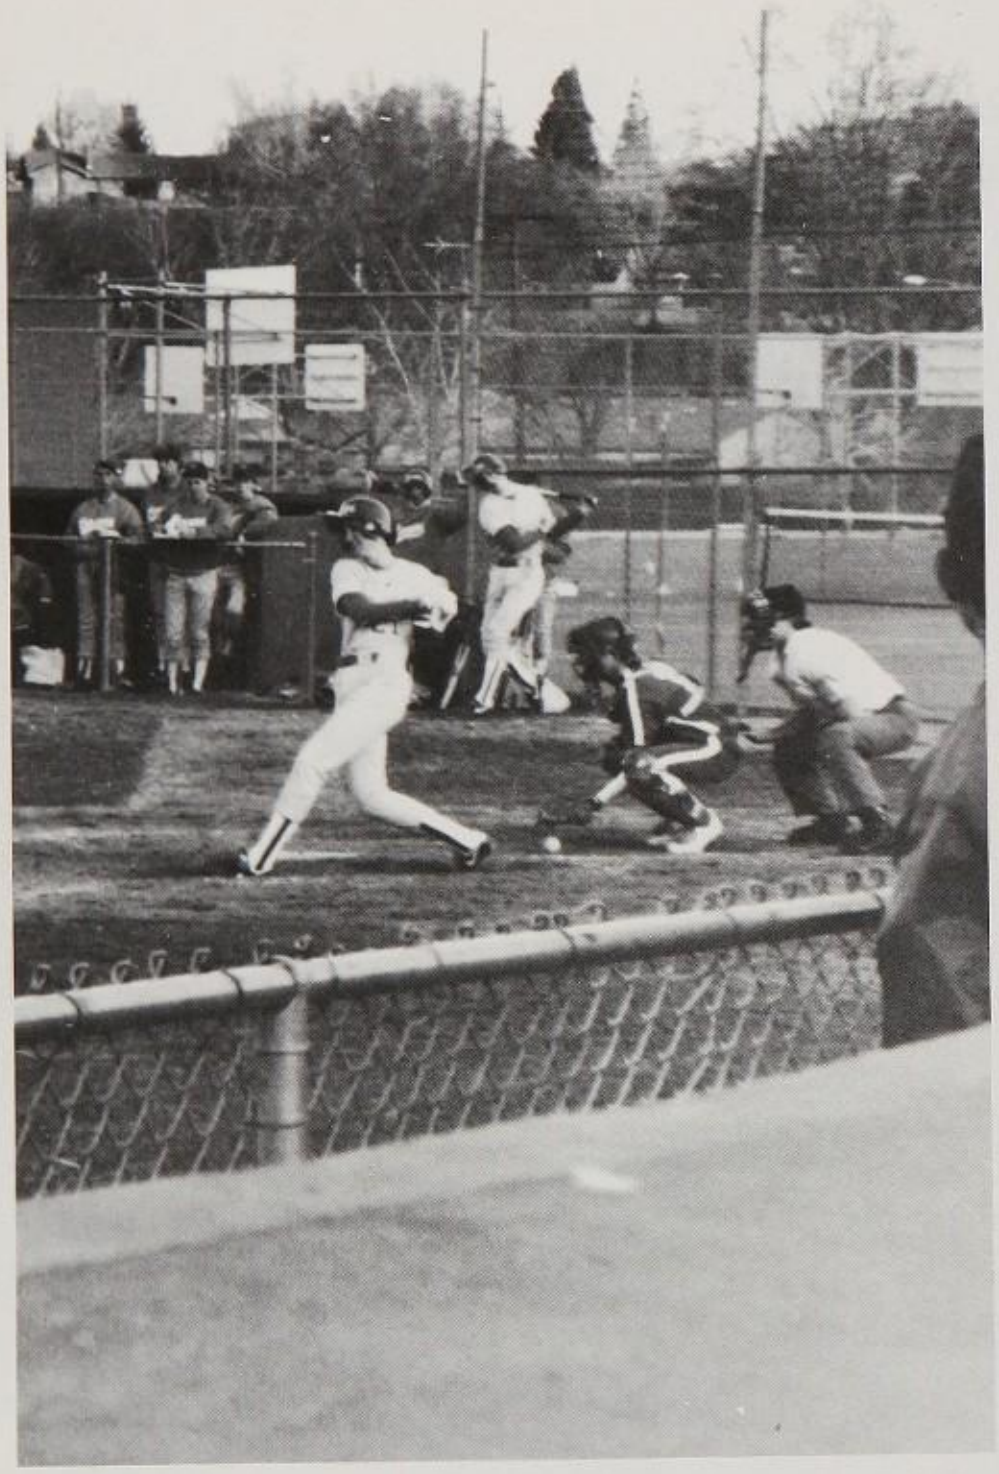
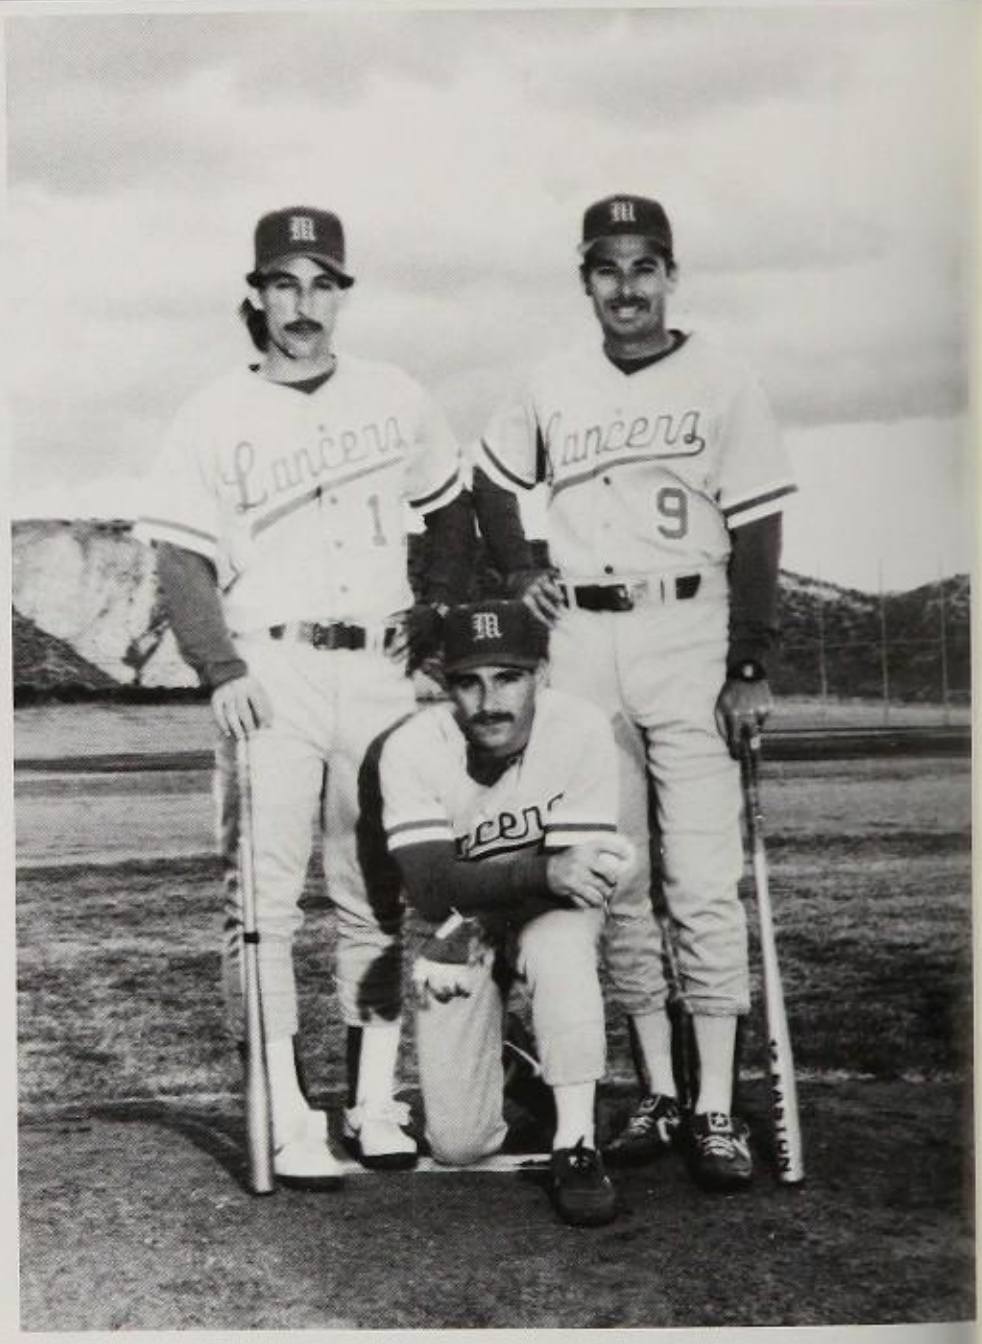
Lancers Up!!!





Varsity Baseball slid into action this year beating Hug 4-3 in exhibition. The team coaches are Mike Riley, Rick Scurry, Muchi Terry and Mark Oglesby. The team will be losing four seniors after this season: Louie Locke, Sean Borchardt, Tony Barton, and Danny Peek. The Lancers started out with a winning season and a desire to be an even better team than last year's. The school is proud of our team's successes and the fact that





1. Danny Peek attempts to hit the ball. 2. The 1987 Varsity Baseball Coaches. 3.The Vasity Baseball Team is as follows: Top Row, L to R-Shannon Patton, Bill Durante, Coach Turry, Coach Oglesby, Coach Riley, Danny Peek and Tony Manfredi. they are such good sportsmen. If you ever wish to see a good baseball game and an outstanding "Boys of Spring" team play, just take the time to attend a Lancer baseball game.

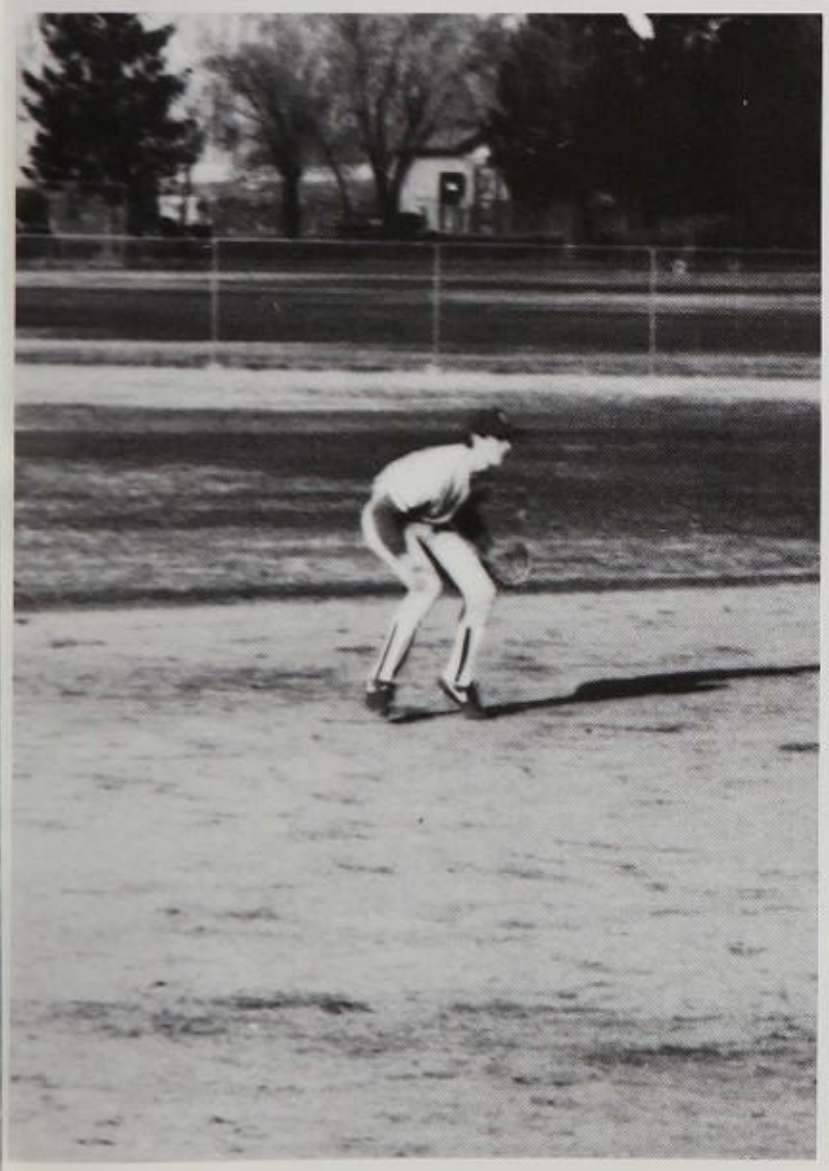
Play Ball! Batters Up!



Both J.V. Softball and Baseball Teams struggled this year. The loss of many experienced players to Varsity meant a rebuilding of the team. Starting over was not easy for either team, but the replacements proved themselves to be more than worthy of their predecessors.

After struggling past the rebuilding process, both teams managed to over-

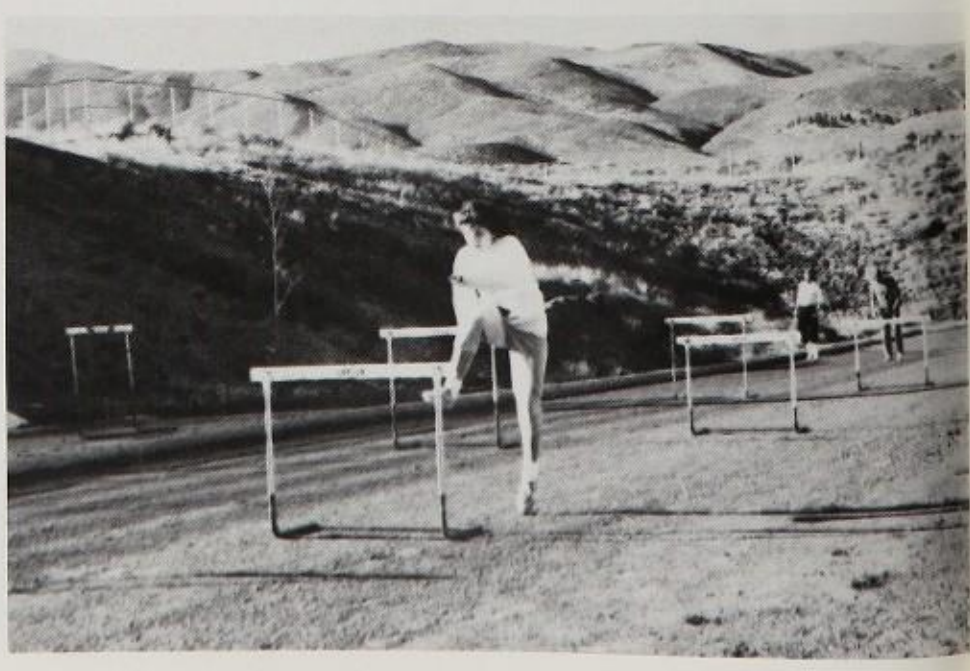
come obstacles that could have sidetracked them. Through dedication and hard work, both teams have given students of McQueen High School something to be truly proud of.

Springtime Ball-Games Always a Hit

The Girl's Track Team once again showed their dedication and pride with demonstrations of superior athletic ability. This year's athletic coaches include Janet Fletcher, Lester Leg and Roger Freeman. With their help in the different track events, such as long distance running, sprinting and hurdling, McQueen worked hard at being the best.

At the track meets, a bystander could see that McQueen stood-out



from among all the other schools. Their strength and endurance made all of us in the student body proud of our Lady Lancers.

The Boys' Track Team has done very well this year. They are a group of dedicated gentlemen proving their excellence at several exciting meets. These boys have made a great season even better by working together as a first class team would. The track team coaches, Mr. Ramsey and Mr. Fletcher, did a fine job. The team would like to thank them for all the support and encouragement during a tough season. Although less than desirable weather was common place, the Lancer "Thin-Clads" showed everyone their championship form spirit and style with numerous first place wins.

The McQueen Varsity Rifle Team is once again showing off its skill. The Men's Team has faced many adversaries such as Sparks and Wooster with no problems, while the Women's Team has had it's best year ever, beating virtually all of its opponents. This year's Men's Team features one returning Senior and one returning Junior. Other four members are new shooters who have shown a great deal of promise. The Women's Team has four returning members and two new members.

Coach Norm Sligar is happy with the progress of the teams. Though not often considered a physical sport, Rifle Team requires hard work and dedication. Members practice at seven in the morning and again in the afternoon. The targets used are fifty-feet and are the size of a fifty-cent piece!

McQueens Rifle Team is always one of the toughest teams in the area. This year has been no different. No doubt the Team will continue to show its wonderful and talented skill.

DAY TO DAY

Going to school every day is more than just attending six classes then going home. Various organizations throughout McQueen provide public services and a chance to work with people in organizing and running a club. While being supervised by faculty members, students at McQueen plan, finance and operate them which carry out community services, fulfill graduation requirements, and are also a lot of fun.

These organizations meet before and after school, or on the lunch period. Each group appoints a chairperson of some sort, and often elect club officers in addition. These activities are voluntary, though they often require a lot of time and effort. On the other hand, it is a lot of fun working with new people and planning for success. Without this success, McQueen would not be what it is today: "Alive and Well"!

LIVE LEADERSHIP

This years Student Body Officers provide the leadership here at McQueen. They supervise the interaction between the Administration and the Student Body. They are elected at the end of the year preceding their term. The Freshman officers are elected at the beginning of the fall semester.

The Student Body Officers organize dances, assemblies and community services. They work with the Faculty Staff in setting up contests between classes, especially during the holidays.

Everyone has seen our Student Body President Denise Trimble, as she hosts assemblies. She heads the Executive Board, which is the driving force of the Student Council, two faculty members, Mrs. Clewe and Mr. Booth, are the Student Council Advisors.

Each elected official is chosen by his or her class, and must win the election through ballot vote. Each class votes only for its particular class officers. Then the entire Student Body votes for the Student Body Officers. Petitions are issued to potential candidates.

Without these leaders in our school, we would not have the organizations we do now. These are the people that help keep our school "Alive and Well."

Student Council

Student Council this year was led by Denise Trimble, the Student Body President. Student Council consists of Student Body Officers, officers from each class and representatives from each organization in the school.

The council puts on such things as Homecoming and Winterfaire week. Other duties they're involved in are, making sure everything runs smoothly in student government and between classes. To say that the job of being on the council is hard work, is a bit of an understatement, but the rewards are, as everyone feels, worth all the effort.

The advisors for the Student Council are Mrs. Clewe and Mr. Booth.

Judicial Board

The Judicial Board is choosen by the Executive Board at the beginning of the school year.

Once the Board is appointed, they take over the general elections for Homecoming Queen, Winterfair King, and prom King and Queen. Other duties of the Judicial Board are the interpretation of McQueen's constitution and impeachment of student body or class officers if they have to.

The Judicial Board consists of four Seniors, three Juniors, three Sophomores, and three Freshmen. One of the Seniors is appointed Chairperson, which is Colleen Walsh. A recording secretary is also at the meeting.

The advisor for Judicial Board this year is Mr. Gregory.

The Helping Hands

Knights and Ladies is the leading service organization in McQueen High School. They help make the new students feel like home in their new school, help out with school and community activities such as safe rides, Freshmen orientation, and ushering for graduation.

The new advisor for Knights and Ladies is Mrs. Arlene Morton. This years officers were Jodi Marcucci as president, Justin Chang as vice president and Julie Stowers as secretary/treasurer.

There are 45 members in Knights and Ladies. The new members are gathered upon the teacher recommondations and the applications submmited by themselves, and was choosen by the executive board of Knights and Ladies. Knights and Ladies gives out two schlorships every year to its two most participated and valuable member. They raise money through coupon labeling and gram sales.

Hard Work Pays Off

The order of the Garter, McQueen's branch of the National Honor Society, has had a very successful year. Mrs. Salls, the club advisor, worked hard to help the students undergo a variety of activities. Numerous bake sales were given by the group, and hooded sweat shirts were also sold by every member. An introduction ceremony for new people was given in spring in which a lunchon was held to help celebrate the occasion.

Order of the Garter officers for 1986-87 were Dave Arden, President; Colleen Walsh, Vice President; and Michelle Kantor Secretary-Treasurer.

The club also assisted with the baccalaureate ceremony at graduation. People interested in joining the society must have a 3.5 G.P.A. or better for five semesters, and they must also submit an application.

D.C. Visitors

Since 1971, students from all over the U.S. and other countries have been going to Washington D.C., our nation's captital. During their stay our young ambassadors go to seminars at various legislative buildings and The Pentagon as well. The students also go to leadership workshops and interact with other students. The Close-Up Program provides a wonderful opportunity to meet other people, and learn about their life styles and cultures.

The young travelers feel what it's like to be a tourist instead of being the host. This year students were accompanied by Mrs. Kendyl DePoali.

Players of the Court

Drama Club, orginally founded and presently advised by Mr. Gregory, was designed as an organization for McQueen Students who are actively interested in the dramatic performing arts and related areas of technical theatre. Any student who is interested in drama may become a member of the Drama Club, otherwise known as the Players of the Court.

This year there were approximately fifty members in the club. They all actively promoted school productions and successfully hosted the annual talent show. Obviously, there is a good deal of work involved with this club; however, everybody has fun and receives hands-on experience with theatrics.

Academic Olympic Champions

Academic Olympics is a game of knowledge. Usually when anyone thinks of competions they thinks of athletics. In academics this is a chance for students who have expertise in an academic subject to show their talents. The best thing about Academic Olympics is the competition between schools. This year Academic Olympics team consists of Rudy Evenson, Mary Keegan, Geoff Duncan, Kelly Keegan, Mary Martini, Micheal Dicus, Jeff Lifur, David Lopez, Leroy Isaac, Brian Metzger, Pat Winans and Waynea Chen.

The assiduous team members devoted many lunch hours to get themselves ready for the competitions with help of Mr. Shields and Mrs. DePoali. All of the competive competions were held at Truckee Medows Community College.

Boys' and Girls' State Learning the Ropes

Members of this years Boys' and Girls' State traveled to various locations in which they took a full week of classes on governmental procedures. They could be elected County Assesor, City Attorney or Governor. While there, they also listened to speakers and held elections.

The purpose of Boys' and Girls' State is to provide training for citizenship; to inform students about the duties, rights, privliges and responsibilities of American citizenship in order to understand preparation for adulthood.

They were divided into two parties and debated controversial issues.

Boys' and Girls' State is an opportunity to expand ones' intellectual horizons and have an exciting time socially.

FBLA Spells Business Success

What is FBLA? FBLA is a state and national vocational organization for students enrolled in business and office education programs. FBLA does not believe in all work and no play. Because the program is one that works, provisions are made for recreation, social activities, and just plain fun. One of the most important goals of FBLA is to develop leadership qualities and attitudes in members. Participation in FBLA activities as a member, committee chairperson, or officer provides the kinds of experiences which contribute to the development of a positive self-image and a feeling of accomplishment.

When asked to briefly describe FBLA, Mrs. Creveling, the McQueen advisor, answered, "The short-term experience is fun; the long-term goal is leadership and hands-on experiences. FBLA really works."

Stepping Into Success

The McQueen High School marching band did exceptionally well in competition this year. They went to the U.N.R. Sierra Band Crusade determined to entertain all. They did more then just entertain they won first place in the medium division.

One first place trophie was not enough for our band. They marched in the U.N.R. Homecoming parade, and won there first place trophie in sweepstakes.

The band then went on the road to the Del Ora parade and marching competition. They returned with third and fourth place trophies.

To accomplish these goals each person had to give one-hundard percent effort. But they couldn't have done it without the direction of Clay Redfield and Drum majors Tom Frasier and Nichole King.

Making Friends

The International Club is made up of students interested in learning more about foreign countries and their affairs. They learned this through field trips and eating at various restaurants. They also studied the geography, politics, and history of different lands. The club offers a scholarship to a deserving foreign language student. They held fund raisers such as car washes, selling mistletoe, and baked goods to raise the money for this.

Over Seas

Each year we have students from different countries that come to our school to learn about our country. This year we have 10 students from Spain, Mexico and Scandinavia. We are happy to have them, because we learn about their countries and their customs. They show us a different aspect on the way things are in other parts of the world.

The Play Department Does it Again

The Drama Club this year put on 4 major productions, these being 2 plays, Twelve Angry Jurors, The Interview, and the Annual Talent Show. The Drama Club meets every month and decides on plays, when there to be held, and at what time and such . . .

We as a school should be very proud of this group as their continuous efforts build up the moral and pull the people with all the talent out of the cracks. The Drama Dept. is headed by Mr. Gregory, the Drama classes are run by Miss Fluke and the Drama Club Officers are: President-Anitha Karwan, V.President-Angela McKinnon, Secretary-Lori Phipps, Treasurer-Tamatha Richardson. The Drama Dept. also put on a very good production of Frankenstein last year for the Spring production. The ratings were very high and they had a very good turn-out.

Winterfaire King Candidates

The Winterfaire King Candidates that were selected to represent McQueen for the 1987 school year were; Larry Pardini, Maury Oleson, Jon Wunder, Dave Arden and Guy Fiore. The Student Body voted for the candidates on Thursday February 5 and the candidates were presented the following day at the annual Winterfaire Assembly and the winner was to be announced at the dance that night.

Everyone waited that night for the big moment to finally come and until it did there was great anticipation in the air. At last the candidates with their escorts all huddled up on a very small platform and stood there wondering anxiously which one of them would become the Winterfaire King for 1987. "The envelope please," said Homecomming Queen, Jodi Marcucci and it was to be put down in the McQueen history books that Larry Pardini was the new Winterfaire King.

JAMMIN
JUNIORS

A New Beginning

This years Winterfaire schedule was both very busy and competitive. It began with the Juniors and the Seniors making signs to show their increased spirit. The week included competitions such as the double elimination tug-of-war in which the Seniors took first place, blind basketball in which the Juniors took first place, and the three legged race which the Sophomores won. This was a tough decision because of the spirit of the Juniors and Seniors. In the end, though, everyone was happy with the success of 1987 Winterfaire.

1. The Senior Class show their boredom during "Junior Spirit." 2. Melissa Higman, Matt Shiber, Lisa Childress, and Scott Wright get ready for the 3-legged race. 3. L. to R. Kathy Freeman, Chris Hubble, Sean Barry, Tony Manfredi, Rob Finley, and Patty Trowbridge compete in "Pee-Wee" Basketball. 4. The Sophomore Class pull their way to defeat. 5. The Senior class pulls their way to Victory. 6. John Krause and Eric Oleson reveal their talents playing for "Dress Code." 7. The "Jammin' Juniors show their McQ spirit.

Keeping Our Spirit

The 1986-87 Fall Cheerleaders helped pull our Football Team through this year's season. It all started during the summer with camp. Each of the squads brought home spirit sticks to prove their overall success. Each of the cheerleaders had a group of football players that they took special care of by giving them treats and such. They did all this plus kept the crowd cheering on each and everyone of the football plays. Without them who knows where the spirit at McQueen would come from.

1. L to R Tammy Larson, Laura Elliker, Tammy Marshall, Linda Elliker, Rowena Apostal. 2. Clockwise Alissa Hamil, Trina Loricchio, Nikki Christensen, Barbie Wilson, Gina Crane. 3. Cindi Cellucci gives gives Tammy Larson some of her expert advice.

Warming-Up A Winter's Season

The 1986-87 Winter Cheerleaders were definately a sucess. Without them we would be lacking a great deal of spirit! The "S" in cheerleaders could very well stand for all of their "SPIRIT!"

The Winter Varsity cheerleaders consisted of Cynthia Watts, Captain; Heather Shaffer, Mary Peek, Tami Tracy, Caitlin Cadena, Lea Bianchi, Maurey Oleson, Mike Whiting, and Larry Pardini. This years Winter Varsity was made extra special with McQueen's first guy cheerleaders consisting of Maurey Oleson, Mike Whiting, and Larry Pardini.

The Junior Varsity included Jennifer Maguire, Captain; Kelly Best, Co-captain; Jill O'Kuniewicz, Cindy Soper, and Cindy Emerson showed enthusiasm and excitement.

The Freshman Cheerleaders consisted of Alison Brown, Shannon Bell, Alice Ashley, Aimee Meyer, and Aimee Bianchi. Congratulations to them for their outstanding performance throughout the season.

Drill Team Shows Precision

The McQueen High School Drill team had an outstanding year.
The captain was Jana MacMillan a senior, and third year member. The co-captain was Mari Nummela. Mari and Jana were excellent influences on the entire team. The team consisted of 20 members, with 6 seniors, 6 juniors, and 8 sophomores. The advisor of the Damsels was Mrs. Lorentzyn.

Mrs. Lorentzyn supported the girls throughout the year.
The team held several fundraisers. In January they sold jewelry and pancake breakfast tickets. The girls raised a lot of money that helped them finance trips and other expenses.

The Damsels practiced 5 days a week from 7:00 to 8:00 a.m. The girls not only performed at football and basketball games but they also entertained the crowd at numerous soccer games.

Over the summer they went to Sacramento for a drill team camp for a week in July. They learned many different moves that they applied to several of their stunning performances.

The 1986-87 Damsels members made this year a very rewarding one for all.

The Damsels would like to send a very special thanks to the advisor Mrs. Lorentzyn.

1. Penny Woebbeking proves that she can do the routine with her eyes closed. 2. The girls hold a car wash to raise money for summer camp. 3. The McQueen Damsels take time to show their personalities.

Singing A Song For Six-Pence

The Director of the Choir Department is yes, still Mrs. Lorentzen and she's doing a fantastic job. She and her students practice regularly and put together the greatest pieces and have wonderful performances. Once again we have three outstanding choral students to represent McQueen in this year's Nevada All-State for the Choir Competition, they are Freshman, Andre Hobson, Junior, John Larson and Senior Christi Strawick — Congratulations!

1. The Choir rehearses another number. 2. Tina Krieps and classmates sing together a number called For Women Only. 3. Fiddling Around With Strings

Our Strings Section has also done very well this year. They are a group of wonderfully talented students. They have practices before school in zero period and have many performances and competitions as well. they've provided their excellence and we sincerely hope they continue to receive their outstanding ratings and high marks. Keep it up guys, its all paying off!!

Leadership Development

The JROTC unit at McQueen has one of the finest units in our Region. JROTC emphasizes leadership development in its four-year curriculum. If taken from beginning to end, the class teaches various skills useful in everyday life. Many of these skills are the basis for a career in many different walks of life. They include basic and advanced first aid, CPR, Rifle Markmanship and Oral Communications. All of these courses help build the confidence and character of a student.

Many people have the idea the JROTC Department is a recruiting department. The instructors are not trying to recruit anyone or talk them into the military. Leadership is the main objective, not recruiting.

This year the JROTC Department welcomes Master Sargeant Frank Boyd in addition to advisors Lt. Colonel Norm Sligar and Sargeant Major John Shearin. The unit is led each year by a senior member. This year it is Pat Winans who leads McQueen's JROTC unit.

Students also have the chance to join extra-curricular units like the Drill Team with Arms, the Drill Team without Arms or the Color Guards. These extra-curricular activities promote additional involvement in JROTC. These teams compete with similar teams from other units.

Each year the unit participates in the Biannual Formal Inspection, or BFI. Every year since McQueen opened our unit has been awarded the Honor Unit with Distinction. The JROTC unit here is one our students can be very proud of.

Exhibition

The JROTC Department also has many extracurricular groups who perform and compete with other schools. The Drill Team with Arms is one of these groups. The team gives two phases of performance. The Regulation phase is a phase that all Drill Teams most compete in. This phase shows a Team's skill in marching, following instructions and familiarity with regulations. The second phase is the Exhibition phase. During this phase, teams "Exhibit" their skill in spins, fancy marching maneuvers and exchanges. The weapons the Drill Team uses are twelve pound rifles that have been modified not to fire. These weapons are used to enhance the team performance.

The second Drill Team we have is the Drill Team without Arms. This team also competes in Regulation phases in addition to an Exhibition phase. The rules are basically the same as these for the Drill Team with Arms. Practice for the teams begins at 7:30 a.m.

1. Drill Team commanders Russ Mitchell and Nice Raphael. 2. The exhibition Drill Team with Arms 3. The 1986-87 Color Guard. 4. Presenting the national colors. 5. Future Photographers Learn More About Photography

There's a brand new club here at McQueen, after many students expressed an interest in photography, they decided to organize a Photo Club. The Photo Club meets about once a week sometimes every other week and they learn how to use cameras as well as what's in them and what they're all about. They see movies that explain all film found in the darkroom. This is a club where people with a similar interest can get together and learn, experiment and carry out the long process of learning about Photography together and by doing it "together" it makes the whole thing fun.

1. Tom Frazier shows Jon Zimmerman his perfect technique for cropping photographs. 2. Nikki Creveling and Geoff Duncan examine their work. 3. School Spirit On The Rise

One of our clubs here at McQueen may be small but they get the job done. Our Pep Club not only makes signs for all the games encouraging our teams, but they also help generate the spirit here at McQ. These people are the few, the proud and most definately the respected. We need more of our student body to do the fine job these people have done. More power to you all — AND THANKS.

Students Express Creativity

Here at McQueen High we are fortunate enough to have an outstanding literary magazine known as The Chrysalis. It is a collection of poems, stories and artwork which is submitted by the student body. Once submitted, the staff got to choose the best ones. It was a difficult task because all of it was good. Each staff member is required to submit work of their own and sell magazines. Some students do extra work such as layouts and typing, but the organization of the book is done as a group project.

1. Building Memories

The 1986-87 Caxton Staff put together a cherished and everlasting publication known as the yearbook. What you see throughout the book are memories that you can always look back on. We tried our hardest to give you the best yearbook possible but it was not always easy. People had different views but when they got over the yelling and put their views all together it seemed to turn out perfect. It started out slow but eventually as people got to know each other things went smoothly and our deadlines were met.

Yearbook class ended up being fun and somehow the members always ended up coming out smiling and laughing in the end, including or advisor and trusted friend Mr. Buhrman who got a little worried at times but who also knew we had the creativity and skills to get the work done and deadlines met.

1. One Minute please! explains Justin Chang. 2.John Stieber and Shelly Curt caught off guard. 3.Terra Picou flipping through the final copy of the yearbook. 4. Damon Garn in deep thought. 5. A Winning Team

McQueen's Forensics Team had a good year and they brought home lots of trophies to prove it. They worked hard to accomplish all of this. They competed against many schools not only in Reno but all over Nevada, to capture lst., 2nd., or 3rd. place. Although they have a lot of fun on a tournament weekend there is also a lot of tension due to their endeavors. But all the hard work is worth it after each tournament because McQueen is always close to the top over all.

1. James Manley and Heather VanWormer make last minute preparations for an important round. 2. Mike Lindey shows his enthusiasm and his trophy.3. Clint Walsh gets slam dunked after a bad round. 4. Heather Shafer, David Buerman, and LaShelle Hormon take pride in their winning efforts. 5. After a hard tournament L to R, Kim George, Scott Krutz, Heather Shafer and Stacey Vogt make their way back to the bus.

Computers Don't Byte

In its fifth year, the computer club is still going strong. Our young "Whiz-Kids" have been figuring out ways "to build a better mousetrap." By creating new programs and improving old, the students discover more about the way computers work with software. The advisors for Computer Club are Mrs. Jenny Salls and Mrs. Barbara Creveling.

Hobbies Stack-Up In The Library

January was National Library Hobbie Month. The American Library Association and the McQueen Library sponsored this joint venture for the enjoyment of us all. The month started with a poster contest which was won by Beckie Blake; Mike Kennedy was named runner-up. The displays and demonstrations in the library were furnished by McQueen faculty, staff, and students. Displays ranged all the way from hobbies to entertainment memorabilia. Many of the demonstrations took place during the lunch hour in the library, the courtyard, and the gym. Many students received a new perspective about the various hobbies and the people involved with them. Mrs. Pat Ferraro, the school librarian, and her aides, Mrs. Grace Schaefer and Mrs. Jo Schebler, put in many hours and miles in organizing these events. The library which is always busy, colorful, and full of students, seemed even more busy and colorful during this month. Everyone at school is very proud of the library and the people who "run the show."

FRIENDSHIP

Friendship: an important part of normal, everyday, high school life.

Some friends are everlasting, others are mere acquaintances. All the same, friends are essential. A helpful hand and reassuring smile always brightens a day.

A friend is always there to help in a crisis or to share a happy moment. To tell you your mascara's running or that your tie is on crooked.

School is the beginning of the rest of your life. Friendships are special through these years. They, of course, have their ups and downs and maybe the downs are never really dissolved but over all the best comes out in the end.

Social events or school activities just wouldn't be the same without that special "Buddie" to share the good times in that growing period of life.

1. Steve Renner and Doug Hunter share an interesting book on a nice fall day. 2. Russ Mitchell and Danny Lucash shake the money right out of a friend. 3. Scott Greniger, Cindy Twiggs and Jimmy Davidson all refreshed after a nice run in P.E. 4. Reina Davis and Chris Geary smile pretty for the camera. 5. Sandi Wolfe and Malia Dean give their best smiles in hopes that the two guys will notice them. 6. Now where did they go exclaims a lost tourist. 7. Look how pretty we look exclaims Ursula Crane and Stephanie Dale. 8. Rudy Evanson helps Rob McCoy eat what is left of his lunch.

LOOKING FRESH

At McQueen, as well as all over the United States, weightlifting has become the new craze. Although weightlifting has always been a part of major sports such as football it is becoming more common in the lives. Women are beginning to join this new trend. At McQueens we have weightlifting classes which are open to everyone, not just the guys in sports. Students enjoy lifting so much they even stay after school to lift. Lifting is in. Everybody's doing it and as always McQueen is up there building their muscles.

1. Nathan White improving his body for football season. 2. Sean Buehler shows that lifting really does pay off. 3. Easy Does It! exclaims Darius Peele. 4. More weight! No problem Kurt Kinder comments to his spoter. 5. I don't think I can do this pleads Roman Mudd. 6. Sean Borchardt easily lifts 155.7. 7. Frank Azcarate says please throw on another 50 pounds or so.

Underclassmen

Even though the freshmen and sophomores are underclassmen, they still showed tremendous spirit. They made a lot of new friends and treasured the old ones. Not only were they friends with the students; they also befriended the teachers, the administration, and the security guards.

The year was a tough one, but it was also fun. Once the year is over they'll be missing old friends and wanting school to start again. They'll go through the same thing once the new year begins, and on to bigger and better things.

The freshmen class had some hard times at the beginning, but, like all of us, they pulled through. The teachers weren't lenient; that was proved by all the hard work the freshmen received. The year was hard, and the freshmen proved they could handle it by coming out with their heads high and a smile. The coming years will seem long, but the strive toward graduation will be well worth it.

Now the sophomores need a little more respect. They have made it through their second year in high school and have enjoyed every bit of the experience.

As the sophomores reach their final years in high school and prepare for college they look back and smile at all the good times McQueen has brought them. The spirit award was never won by them, but that doesn't mean they lacked school spirit. Keep up the good work and your turn for upperclassmenship will come in time.

Spirit With Junior Class

The Junior Class of 1986-87 proved one thing to their school: That they were truly the class with the most spirit. It all started at the homecoming assembly. The juniors cheered their way to the top. Proving to the over-confident but deserving senior and remaining classes that they were really the class with the class. They continued this feat at the next pep assemly for football with their signs, they read: "McQueen juniors have the spirit and we're gonna keep it!" Which they did.

Another characteristic that this junior class possess is their unity and togetherness. They aren't individuals; they are one. It is because of this that they can pull together and dominate the school. They have proved this time and time again during assemblies, classes, activities and just by walking around the school, always holding their heads high. They don't intimidate the underclassmen, but instead give them something to look forward too.

As for next year, when they are Seniors hopefully they will keep up this spirit, not only for the pride inside our school, but outside to all of the schools. We need to show Reno who is really number one. With the help at this year's junior class — their spirit and unity — we can do it.

Together They Came and Together They Go

They started a long time for this moment, to arrive. They started as freshmen, immature in their ways and grew together. They pulled each other up and helped each other through the good and bad times. Struggles seemed easier because they knew they had friends and family supporting them. They were, as a whole, working together to accomplish much more than receiving a diploma. They were preparing for life.

Each senior was striving for different goals: Some in athletics, others in business, more in the arts. Certain things that were once priorities became less important, and more valuable and influential goals went through their minds. Spirit banners, sports events, part-time jobs, etc., although exams and full-time jobs became clearer in each of the senior's future.

As each one walks across the stage to finally hold their diploma, they will hold much more: They will carry all the beautiful memories from school throughout their life. They will remember all they learned, those special friends, the teachers and counselors who helped them accomplish much. They will look into the futue and see that this is truly a time where the end is really the beginning.

Tracy-You are very special to us. We have watched you grow and learn from your experiences in life. Your fine happy out look affects others and brings joy to our family.

Remember your creator during youth and may he grant you endless life on earth and in paradise. Love Mom and Dad

Dear Kristie, We are proud of you. You always bring us much happiness. From the day you were born, You have been "just what we wanted." Thanks for being YOU. Love Always, Mom, Dad and Mark

Dear Jude, You are a constant source of pride and joy. Your determination, intelligence and hard work have helped you create a strong foundation upon which you may build the castles of your dreams. Always know that we are behind you with support and love. Love Mom and Ursula

Dear Tony, The Years have gone by so fast, it seems like only yesterday you were our green eyed baby boy. You've grown into a sweet, sensitive and loving young man. The Future is yours-we love you more each day. Mom, Dad, Grandma Long and Grandma Barton

Sandy, You've given us so much to be thankful for. Your smile, your laugh, your love of animals, your constant chatter and your all day phone calls have helped keep us young. Among good kids — you're the best. We wish you the very best of everything. Love Mom and Dad

Steve-Congratulations! You have given us so much for which to be proud. We wish you much happiness, success, and peace. We love you, Dad, Mom, Gary and Jennifer

Trina, One of the hardest things a parent has to learn is "when to hold on, and when to let go." From your first day of kindergarten until now, it's been ongoing, more so for you because you are the first. I love you. Love Mom

Dearest Jennifer, Time has passed so quickly as you progressed from: baby to babe, toys to boys, Gerbers to gourmet, milk to wine coolers, toddler to tennis' "most inspirational", sandbox to National Honor Society, childhood to adulthood. If you work hard, keep a positive mental attitude and faith in God, YOU WIN!!! With pride and love, Mom and Dad

Dear Julie-Sometimes it's been a struggle; often, a total joy; but it's never, ever been boring watching you grow into a very special young woman. Know our love will always be with you wherever life leads. Love Mom and Dad

Congratulations "J.P.!"-You continue to be self-determined and strive to maintain a life of positive direction. I wish you a life of success and contentment. May we always feel the closeness in the future that we have in your first 18 years of life. Love Mom

Dearest Annie ("Swamp Thing"), Congratulations upon your graduation! I've watched you grow into the beautiful young lady that you are, and I'm very proud of you. You bring joy and happiness into my life. Thank you for being my best friend! I will always be here for you, and I love you very much! Love,Mom

Dear Scott, Life has a lot of good things in store for you. Proud parents? You bet! We couldn't be more proud than we are of you. Love, Mom and Dad

Kristi, You are the joy of our lives, and we cherish every special moment spent with you. We are extremely proud of you. Your smile makes every day brighter. We all love you very much. Congratulations! Mom, Lisa, Peter, Dana, Mike, Talia, Jeremy, Pete and Scotty

Dear Dana, You are your Mother's pride, your Father's joy, a dream come true. You have blessed and enriched our lives so much! We wish you life's best, and we know you will obtain the goals you have set for yourself. We Love You! Dad & Mom

Dear Bobby, Congratulations!! It's been a long hard road, but you make it. In life there are going to be a lot of ups and downs, but we know you'll always come out on top. Good luck in everything you do. Love Mom and Dad

Cheryl, Your brother and sisters join us in congratulating you on your graduating. We hope you shall be as good and successful as you want to be. Love, Mom and Dad

Tom-You've always been a source of pleasure and pride. You have been blessed with many talents and inner resources. May life be a journey of discovery — one in which you find pleasure and contentment in being yourself. Love, Dad & Mom

Dean, We wish all the good things in life for you: good health, good fortune, and a good life. Go for it Dean, the best is yet to come! Love, mom, Rosa, Nate, Anna, and Jim

Dear Kristi, The past 18 years we have had the pleasure of watching you develope into the perfect daughter. You've accomplished everything you set your mind to. Our love and pride have grown for you each day, and we know your accomplishments are just beginning. Love Dad, Mom & Lisa

Brady — Nearly 18 years ago you entered our future. We've watched with pride your growth from infancy to manhood. We've shared your successes from first step to pins on the wrestling mat. You've now completed the first step toward making all of your dreams for tomorrow come true. Congratulations Brady. Love Mom, Dad and Andy

Denise, We are very proud of you and your accomplishments, and the type of person you have become. Your warm, pleasant countenance has brought joy and light to our home. May you have all the success and happiness possible. Love, Mom, Dad, Robin, Laurie, Gary and Melanie

Angela, Angelic you are as your namesake. You've grown into a beautiful young woman inside and out-Congratulations! We are so very proud of you and love you so much. Persue your dreams with every effort. The rewards will be yours. Love, Moma and Daddy

Dearest Sherri, Thank you for being such a wonderful daughter! You have given us so much happiness and joy! We are very proud of you and wish you all of the love, happiness and success you so deserve! May all of your dreams come true! We love you very much. Your Family

Dear Chuck:-Smiles and tears, laughter and woe, such a fine young man that we have watched grow;-Cub Scouts, Boy Scouts, ROTC and all, strengthened your character as you grew so tall.-Off to college to study and excel, so proud of you that we must tell.-Love Mom and Dad

Congratulations Lea! We are very proud of you. Remember this is a stepping stone to the greater things in life. You can make it happen. You've helped us become strong McQ supporters. We love you, Dad, Mom, Aimee and Ryan

Dear Tim-Congratulations. We've always known you knew how to succeed. As you once said to your best friend at four, as you started to play,"I'll be the leader and you be the not-leader." Keep up the good work. We love you. Mom and Dad

Andy, God has given you special gifts, sensitivity and compassion for others. Continue to allow Him to touch lives through you. You are a blessing! We Love You, Mom and Dad Philippians: 1:9-11

Dear Heather, The hardest thing about being a parent is letting go. I still think of you in terms of 'my little girl'. In reality, however, you are a sensitive young adult with deliberative opinions. I'm proud of your intelligence, independence and concern for your fellow man. As this old generation passes the torch to the new, I am confident the future is in better hands.

Dear Lisa, "You've Only Just Begun, Bright Lights And Promises, You've Only Just Begun." You're such a special and beautiful person and have a great deal to offer to everyone. Our love will always be there to share your life and enjoy you being a part of ours! Love Mom, Vince, Jim and Peter

Dear Steve, Many great and exciting things lie ahead for you. You have accomplished so much, and we know you will do the same in the future. We love you dearly and are so proud of you. Always remember how special you are to us and to all of your family. Love, Mom and Dad

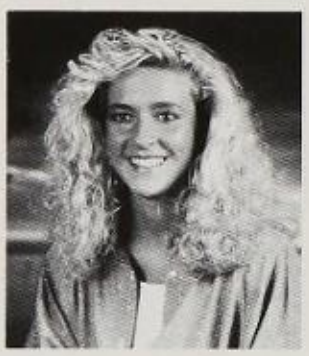
Jori, Thank you for these beautiful years. Your hopes and dreams are ours also. Know that our love and support are with you always. Love, Mom, Dad and Michael

Dear Jana, What a delight you've been to us for eighteen years! Such a good girl surely deserves the best from life's list. We are proud, happy and still a little amazed that you chose us as your family. We love you very much. Jeanie, Grandpa, Mom and Mike

Tami: A lovely girl, a beautiful woman; a joy, delight, challenge, best supporter. Gratitude to God fills my heart for His allowing us the privilege of loving you; you're an IMPORTANT part of our family. Your future is as bright as the promises of God. Love, Mom and Shannon

From the child in my arms to the young woman standing free . . . you carry my love and admiration. Congratulations! Mom

Maury, Congratulations! We're so proud of you and your accomplishments. Continue to live by the high principles you have set for yourself, take the time to develop your many talents and the world could be yours. We love you and wish you all the best life has to offer. Love, Mom and Dad



Dear Megan, With your wonderful sense of humor, you keep us laughing. You are a bright spot in our family! Love Dad, Mom and Marni

Dear Nice, You made it! See you after boot camp. Love Mom

Jennifer-Congratulations! I'm proud of you and wish you good luck (along with working hard) in whatever you undertake. Love Mom

Sean, From "Burger" to "Chip" and finally "Chip Sr." It's been a long and sometimes rough road. We know you will be successful in the journey because "Scrappers" don't know how to quit. We will support you all the way! Love, Mom and Dad

Congratulations Sandi. Our very best wishes for your future. Love Dad, Mom, and Doug

Dear Keri, Thank you for sharing so many of your thoughts, ideas, and feelings with us: the playful, fun ones and the difficult ones too. We're proud of you, and we love you very much. Congratulations! Wayne and Cath

Kurt, We're very proud of your achievements in football. We'll miss watching you and friends participate in football next year. Set your future goals high and keep a confident, successful attitude in yourself always. As the last one graduating, Congratulations! Love Mom, Step-Dad Clyde, Jeff, Mitch, Michelle, Valerie and Family

Katie-You are everything WE always dreamed you would be-Now it's time for you to be all YOU want to be-We will always love you! Dad, Mom and Garrick

Aaron T. Walton
Always our sunshine,
never our cloud.
All that you do
makes us so proud.
You're fun and bright
sensitive too.
We wish you success
in all you do.
As the upcoming future
opens new doors.
Know that our love
is ALWAYS yours.
Love, Mom and Dad

Friends are many-
True friends encourage
and understand
Accept yourself and your talents-
Blaze a trail for others
to follow
Recongnize responsibility-
Never regret decisions
you've made
Family bonds are strong-
Always there to listen
and support
Love, Mom and Dad and Jason

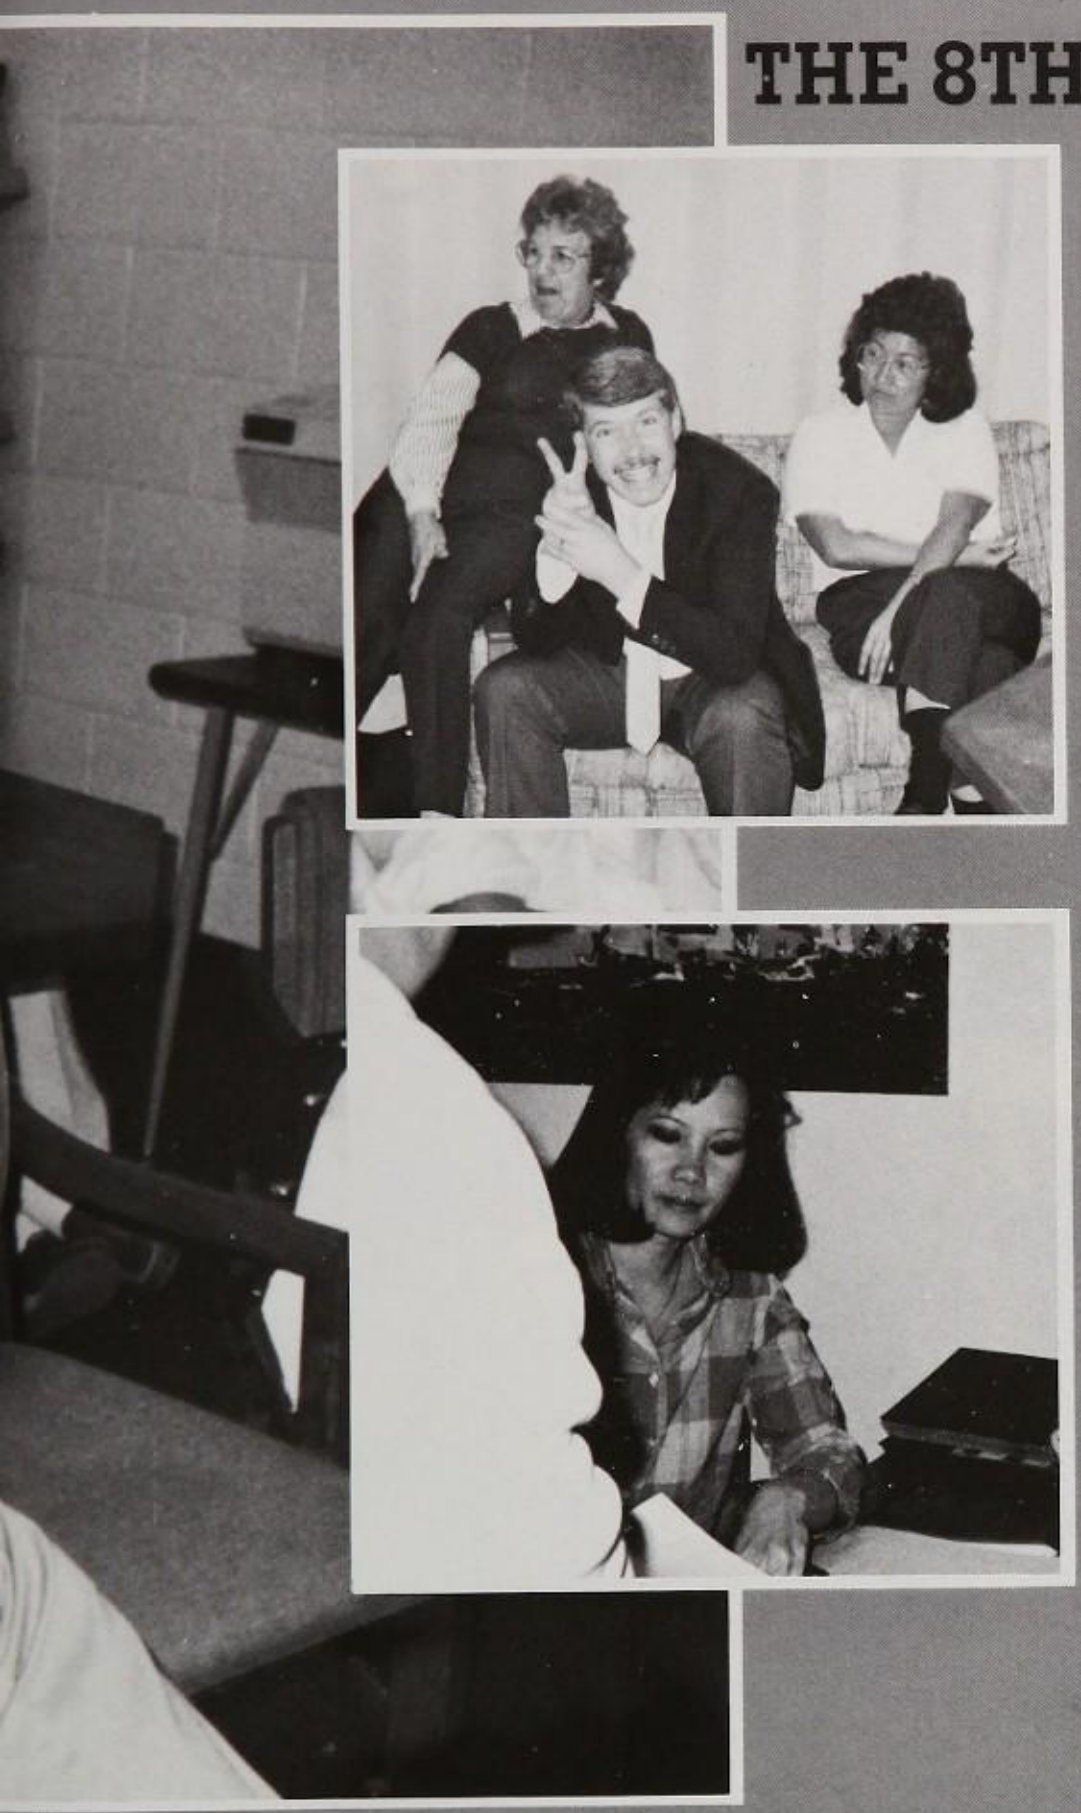
J.J.-We are so proud of you and have complete confidence that you can do anything that you want to. We Love You, Mom and Dad

Kevin doesn't stick out his tongue nowadays. He just goes for it: life, work, and playing in the McQueen band. Hope life and learning will always come as easy as it has up to now. You're going far! Love, From all your family

Dearest Michael (Spike), Graduation is upon us! These last 18 years have flown by. We will always remember all the joys and happiness you have given us. The warmth and love you have for God and others will help you succeed in any life dreams. Our Love will always be with you, Dad and Mom

Dear Mike-We know you have always wanted a brother and at times have felt cheated because of getting 3 sisters. But, if God had chosen to given you a brother instead, there is no way he would be any more proud of you then we are. Love, Rayann, Christina and Julie

THE 8TH WONDER DISCOVERED



Teachers, we never give them much thought, but it's these self-same individuals that shape and mold what will soon become the backbone of our nation. According to Horace Mann, the father of public education, "If we do not prepare children to become good citizens, then our republic must go down to destruction, as others have gone before." That's a load even atlas would shudder to carry. So then why do they do it ? Why do they bother to show up day after day? It's certainly not for the money, teachers are one of the most underpaid and under compensated of all professions. A first year teacher in Washoe County does not make enough to compensate for all the haroships they endured and the large expenses that they incurred while obtaining their education. Do you think it's easy to face 150 kids a day knowing most of them would rather be anywhere else than school? Yet teachers continue to teach. It's only the love for students and of sharing knowledge that has allowed these extraordinary individuals to subject themselves to this massicism day in and day out.

It is with this spirit in mind that I dedicate these next 15 pages to those remarkable 8th wonders of the world called teachers.

INSERVICE CREDIT !!!!
A new class is now being offered by the
McQueen Industrial Arts Department:
"Creative Wall Art Using Modern Technology"
Description: An introductory class using modern industrial equipment to permanently place such intellectual phrases as " DOWN WITH THE CZAR!","VAN HALEN FOR PRESIDENT", and "I LOVE BERTHA" on concrete composition, vertical standing structures and other public places. The course will take a historical look at wall inscriptions down through the centuries but primarily focus on those of the neandrothal and cro-magnum man era. All equipment will be provided with the exception of safety glasses. Class size is limited to the number of participants that can be accomodated along Mae Ann and Robb Drive.

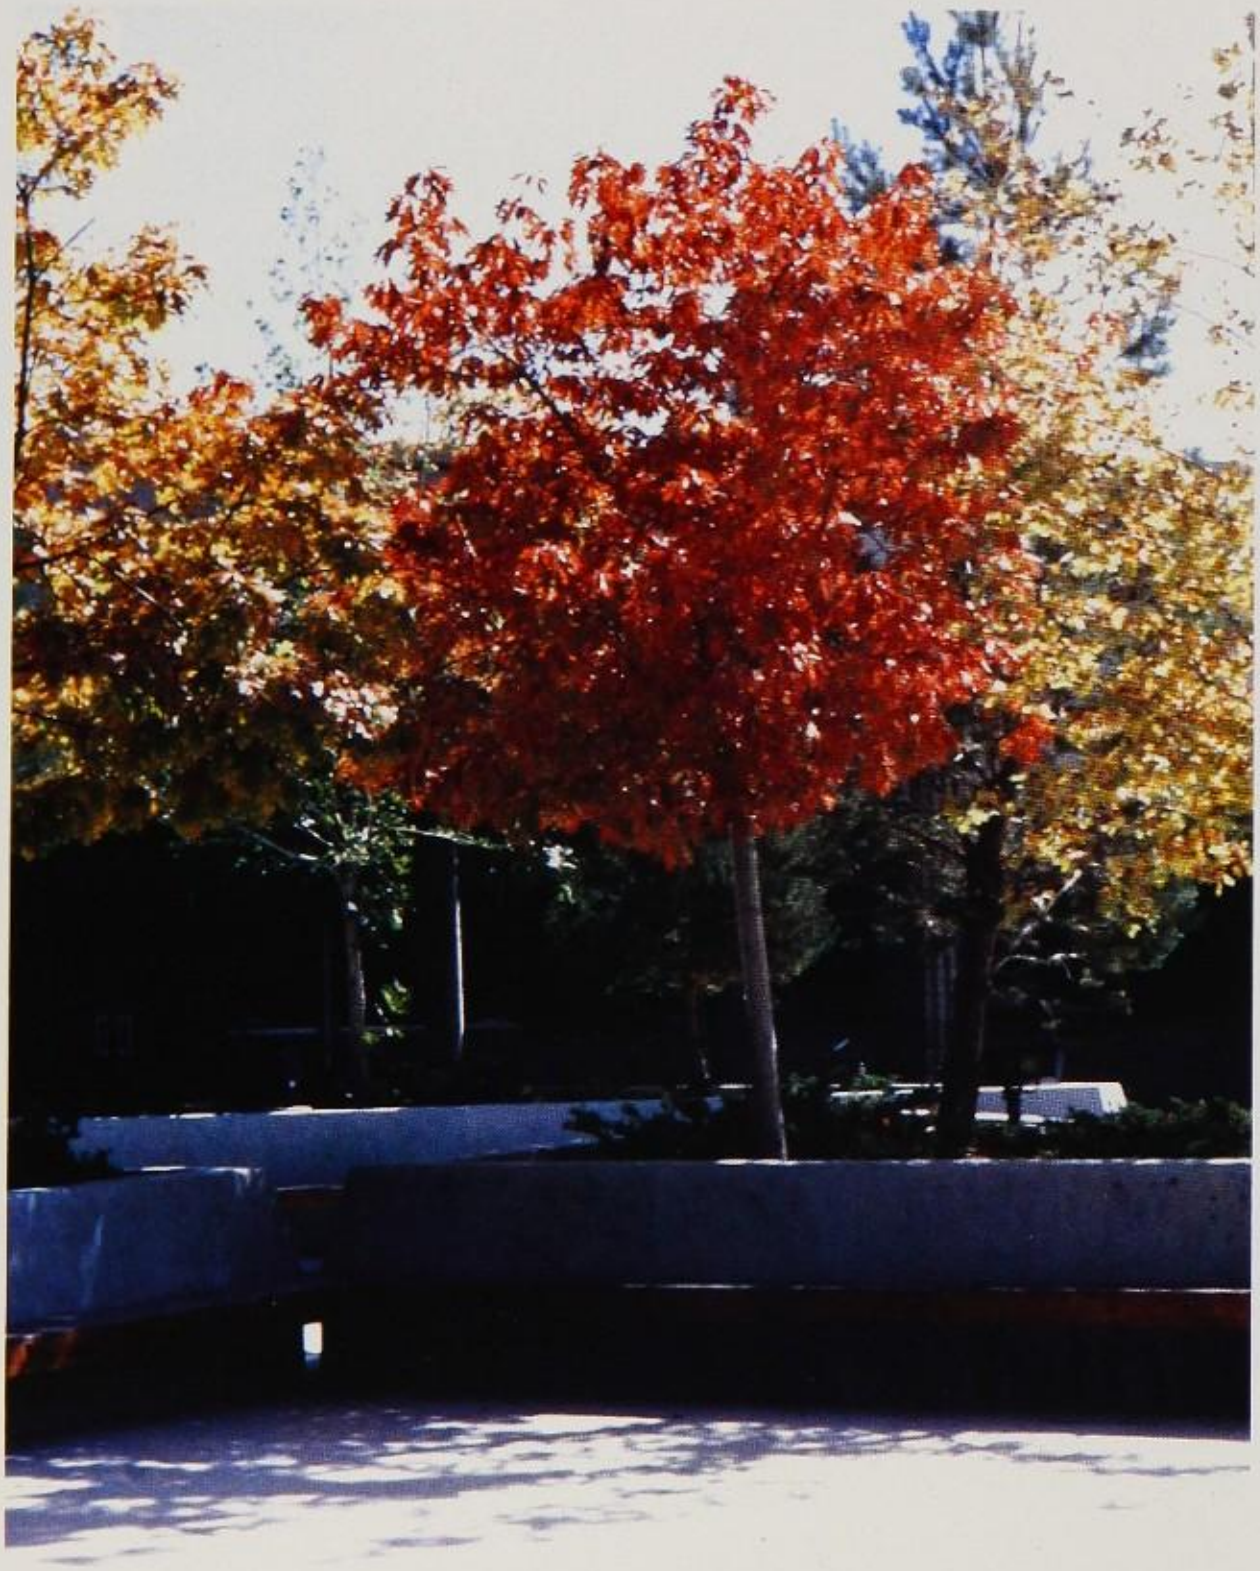
ALL IN ALL

Moving on in life is what being "Alive and Well" is all about. From the time we enter school in September until we leave in June, we are fulfulling a growing experience. Even from the time we enter McQueen as Freshman until we graduate, we are moving up in life. Growth and maturity is only achieved through hard work and dedication. Students and individuals are the power sources that push McQueen to the top. Our students are "Alive and Well."

When everyone is working together to improve, the end result will be a success. McQueen is an example of that success. Our school is well known and respected throughout the Reno-Sparks area. We are known for exceptional community service. Contributions from every part of McQueen have really helped to raise our standards. No one can stop our progress now. McQueen is, and always will be "Alive and Well!"

Ross Photo Studio



The Caxton staff would like to pay a special thanks to Ross Photo for their strong support and donations to the 1987 yearbook.

Thanks again.

Dad probably financed your first major investment.

We'll, she may not be the greatest, but she did the trick...You know, as you go through life, you're going to need money for all sorts of things. Like a house, and education, or whatever. When that time comes, look to someone who cares about you like Dad did.

Stacy, We are proud of you. Lots of love. Mom and Dad

Mary-Congratulations! We're proud of you. Good luck and happiness. Love, Mom, Dad and John

Congratulations Rick! May you always be as proud of us as we are in you, and hopefully your children will bring you as much happiness as you have brought us. You have the ability and personality to achieve all you set out to do. We love you. Mom and Dad

You made it! We're proud of you! Mom and Dad

Hope Lynn, 17 years age you found your way into my heart and there you will remain. May love, light and peace be your constant companions as you develop into womanhood. The key to your every dream is within you -Dream well. Your lifelong friend Mom

Tiffany, Your sense of wit and compassion have overwhelmed me for years. I'm lucky you're my daughter but gifted to have you as my best friend. It's going to be hard to let you go, remember to call home. Love Mom

'ME AND MY GIRL': BROADWAY'S NEW HIT
Newsweek
TAX REFORM
There was a major the reform this year. Senators Dan Rostenkowski and Robert Packwood pulled the whole tax code apart and put it back together in hopes of improving the taxing process. The problem is the simplified W-4 form has turned out to be much more confusing than the previous forms.

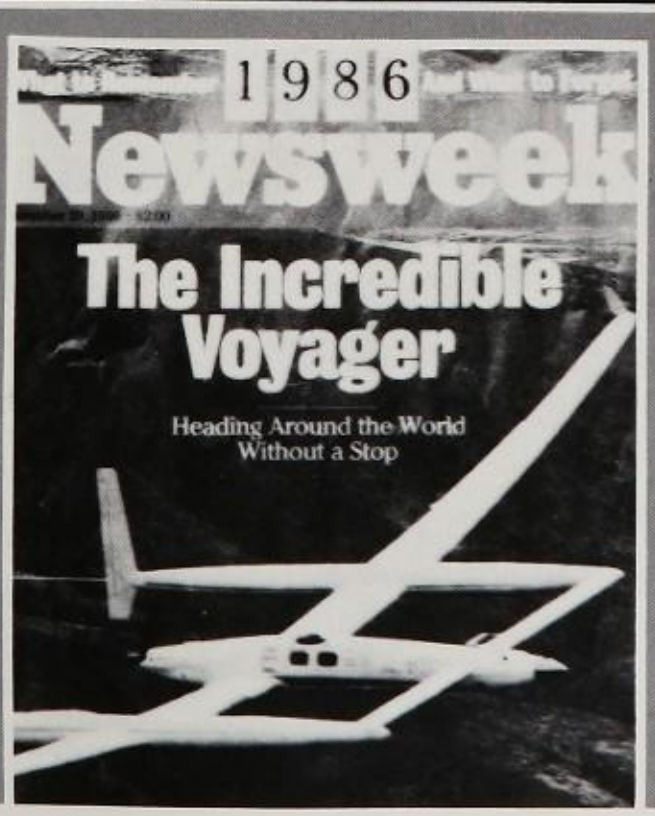
His Biggest Blunder

Reagan's popularity plundered from eighty-eight percent to a shocking thirty-one percent in a recent poll. The white House investigation revealed relatively little and the president himself conveniently "forgot" the entire Ordeal.

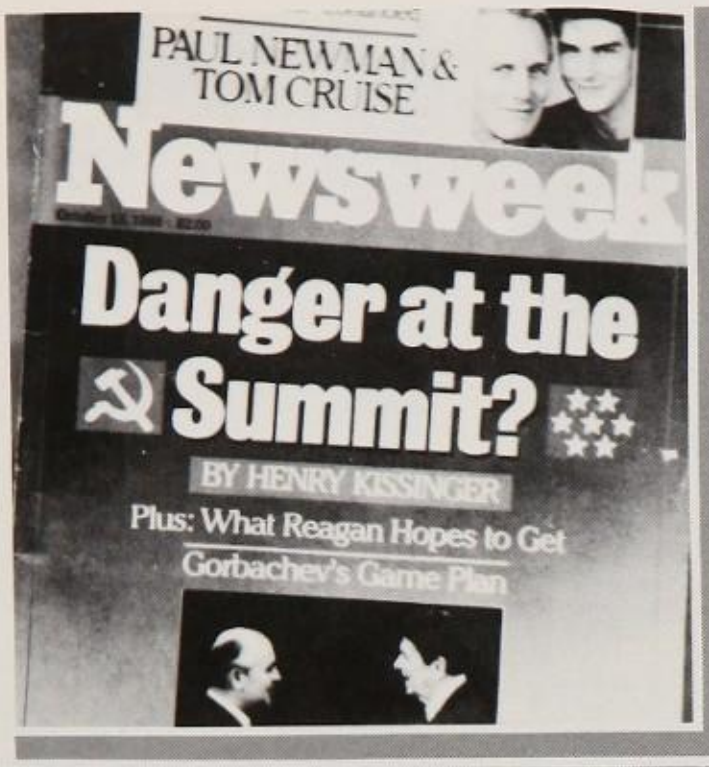
The Iran Arms scandal brought about a new national opinion of the executive branch of our democratic system of government. The question everyone seemed to be pondering: How much power does that one man have?

A news reporter said, "The White House will now need some time to heal."



The Incredible Voyager

The Voyager is a plane that weighs under 2,000 pounds. It carries 7,000 pounds of fuel in 17 seperate tanks. It flew around the world without refueling.



Danger at the Summit?

The question at any summit is: How far is each side willing to compromise? One danger, thus, may be fierce debate and argumentation leading to harsh final decisions.

The news following this year summit was, constructive results. However, we, as average citizens see little change.

Mother for Hire

How would you like to make $10,000 for just nine months of carrying around a few extra pounds? Sounds easy, doesn't it? Now, what if I told you that these few extra pounds was a child which you were going to give it away as soon as it was born to a couple who is unable to produce children. Do you think you would be able to live up to your end of the bargin?

The question of whether or not these contracts are valid and bending maintains a different status in each state. In 1987, the subjects of artificial insemination and surrogate mothers was still very controversial.

Aids

By 1991 an estimated five million Americans may be carrying the AIDS virus. As the death toll rises, how will society cope with the health-care crises? Aids is not a disease of homosexuals or intravenous-drug users alone: it threatens millions of sexually active Americans regardless of age, gender, race or place of residence. And though the epidemic has already demonstrated its global reach, aids is an especially acute problem for Americans a social and medical crisis by any measure and in the consider judgement of some of the best scientific minds in the nation, a national catastrophe that is already in the making.

THE DRUG CRISIS
'Saying No!'
The Nation's New Campaign Against Users
A Poll on Drug Testing, Enforcement and Privacy

"Saying No"

Drugs and their users are the nations "Number 1 problem." This problem has grown so much that President Reagan and the Government have gotten involved in the war against drugs. The answer to this problem hasn't been found. People think that by going after the users, we can cut the huge drug demand. A drug bill was proposed by President Reagan and the Government that required federal employees to be tested for drugs. This bill turned out to be very controversial though and made people very upset. Schools are even setting up special programs to inform students about drugs. The solution is going to have to start somewhere. When you're young and in school that might be the best place to start learning.

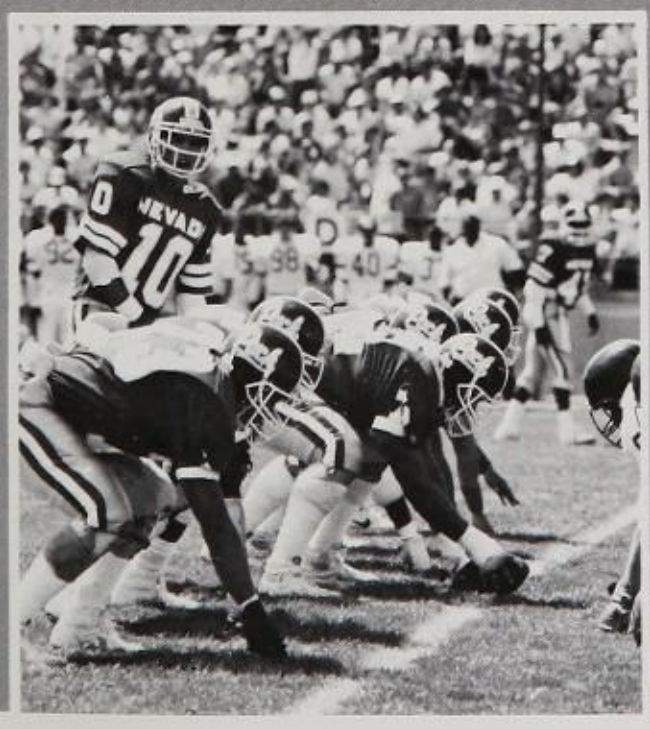
Valuable Empire Crumbling

Hugh Hefner's multi-million dollar empire appears to be crumbling. Readership has gone from an all-time high of 7.5 million to 4.5 in 1986. Government investigations by Ed Meese and 7-11's refusal to sell pornographic books has led to this decline. But readers everywhere now tell different stories about Playboy. They now tell of an empire that's beginning to crumble, instead of flourishing.



Big Sky Champions

This year U.N.R. football team won the Big Sky Championship and made it into the semi-finals which they won two of the games and lost the third one against Georgia-Southern 48-38.
